

CODE CHANGE DEADLINES THAT MAY IMPACT YOUR PERMIT

In July 2022, the new **2022 California Building Standards Code** was published and will take effect on **January 1, 2023**. Below the Building Division has outlined the key deadlines and some useful tools to help you navigate through this change.

In order for your project to be reviewed under the current 2019 Building Code, your project will have to be submitted, accepted and all plan review submittal fees have to be paid by the deadlines below. Beat the rush and submit early!

If you are planning on a January submission, be advised that the **2022 Building Codes** will apply to all new permit applications.

December 22, 2022 - Last Day to Submit Plans for Review Under the 2019 Building Code

- Residential Submittal Guidelines: #04 Handout Submittal check list
- Commercial Submittal Guidelines: #23 Handout Submittal check list

January 1, 2023 –

2022 California Building Codes Apply to New Permit Applications

IMPORTANT DEADLINES FOR HOME BUILDERS

As we approach the end of the calendar year 2022 the **NEW 2022 Building Code** change, please take note and be advised of the end of the year deadlines. To ensure your permits are processed smoothly, please help us and submit your applications early! Large batches of productions permit(s) submitted close to or on the *December 22nd* deadline are not guaranteed to be processed before the deadline.

November 17, 2022 –

First Day to Submit Master Plans for *2022 Building Code Updates*

December 22, 2022 –

Last Day to Submit Plans and Pay for Review Under the *2019 Building Code*

- Residential Submittal Guidelines: #04 Handout Submittal check list
