No Emergency Alerts at this time.

This service is provided by Connect CTY and will be used to notify residents and business owners in the event of an emergency, or other event where water quality, traffic routes or other issues that may be affect the public, missing person and other public safety alerts. Notifications may also be sent notifying residents of major City sponsored community events.

Calls are made using publicly available telephone numbers unless residents choose to add other numbers. E-mail and text messaging notifications are also options that may be added.

Residents and business owners may sign-up to add and delete notification options, including cell phones and/or e-mail addresses. Click here .
