Annual Officials, Officers, and Employees Compensation

Starting Jan. 1, local public agencies are required to post information on the annual compensation of their elected officials, officers and employees. Under existing law, cities and special districts are required to file an annual report with the State Controller's Office identifying the annual compensation of their officers and employees. AB 2040 extends the law so that public agencies are required to also post the same information on their own websites. This information is now available and can be accessed by clicking on the PDF or the following link:
