

a Public Database of Affordable Units and Enforceability

In accordance with the provisions of AB 987, a worksheet describing existing new and substantially rehabilitated housing units that were either developed or otherwise assisted with Low- and Moderate-Income Housing Funds, has been prepared and posted for public review. Please see the file linked below.

Also, in accordance with the law, this database does not include any property used to confidentially house victims of domestic violence.

Please be aware that this is simply a listing of affordable housing that has been assisted with low- to moderate-income housing funds: it is not a listing of currently available housing.
