

Owner-occupied homes that are in need of repair are eligible for the CDBG-funded housing rehabilitation program. Households must qualify by income, earning no more than 80% of median income.

Funds are available to assist with health and safety-related repairs, in a combination of grants and loans. As the project is federally-funded, lead based paint and asbestos testing is completed before repairs can commence. There is currently a waiting list for this program. For more information, contact Nuala Gasser at the Covina Housing Division at (626) 384-5442, or e-mail ngasser@covinaca.gov.
