

Through a partnership with Crossroads Software, the Covina Police Department is able to provide access to collision reports on-line. This service is available if the collision was investigated by the Covina Police Department. If the collision occurred outside the city or was investigated by another agency, you must contact that agency for a copy of the collision report.

The fee for using this on-line service is \$10.00 plus .10 cents per page. This fee is payable to Crossroads Software using a Visa or MasterCard credit card. You will be able to view, print and save an Adobe PDF copy of the report as well as receive an email copy of the report. In order to obtain your report on-line, you will need specific information to use the system.
