Please specify which materials will be reused, recycled or landfilled by completing the table below. List each type of debris item and provide the name of each facility/service provider to be used. The Applicant must receive approval by Environmental Services Section staff prior to permit issuance. Save all weight tags and receipts documenting tons of material recycled or disposed, as they are required at the end of the project for submittal with the final Waste Disposal & Diversion Report. Call Environmental Services at 626-384-5480 with any questions. *Please note that although any recycler or recycling facility may be used, ONLY Covina Disposal/Athens Services is authorized to provide trash pickup and disposal.* Contact Athens at 626-336-6100 to arrange for trash service. Athens also provides C&D recycling but arrangements must be made ahead of time to ensure that recycling receipts are provided (Athens' C&D processing rates apply).
