Greetings Covina Families!

It's hard to believe that Summer is almost here! This is especially true when I look at our local mountains and still see snow! It has definitely been a different Winter and Spring for us here in Southern California. As we look forward to some warmer weather and sunshine, it makes me excited to get outside and enjoy all that Summer has to offer. Hopefully, as you flip through Covina Today, you'll find lots to do to fill your Summer with fun and happiness!

Having worked in Parks & Recreation for the past 30+ years, I can say with certainty that Summer is a very special time for our department. It's definitely the busiest season, and it provides us the most opportunities to connect with our community and provide programs, events, and activities that truly enhance the quality of life here in Covina!

Join us **May 20** for our first **Splash Into Summer** event! The day will kick off with a **Pancake Breakfast**, and then the family can "Pop" their way through our **Bubble 1.5K!** Kids can learn all about bubbles at our **Bubble-ology Station**, have fun in the **bounce town and craft area**, then everyone can cool off with **free swim** at the pool!

Also new this Summer, we are offering **Family Beach Trips!** An easy and affordable way for the whole family to get to the coast and enjoy a day of sun and sand! And if you are looking to get fit this Summer, try out our new **Get Fit Mommy & Dad-Bod Bootcamp!** You can workout in a comfortable environment with other parents.

Covina Park will once again host some great, **free entertainment this Summer!** Mark your calendars for our **Monday evening live concerts, Wednesday Family Nights, and Thursday Concert Band performances.** You don't want to miss our **NEW Dive-In Movies!** We have one for families and one for grown-ups! What better way to relax and enjoy a movie than while you're floating around in the pool! Register early, as they are sure to sell out!

Our **Senior & Community Center** is offering a Summer full of great activities! **In-person dining** is back! **Bunco** is back! **Movie Days** and **Dances** are back! The **Fitness Center** is open!

Finally, don't miss out on **Summer at our Library!** "Find Your Voice!" with our annual **Summer Reading Program**, get creative with a variety of craft programs for all ages, and foster early learning with our **Storytimes!**

So, whether you are looking forward to being more active this Summer, learning something new, or enjoying more relaxation time, the Parks & Recreation and Library Services Department is here to help! Our goal is to continue to provide opportunities for all our residents to enhance their lives and improve their health and well-being. In our busy lives, we often forget to take a little time each day to do something that simply makes us happy, that makes us smile and laugh. I hope you find something this Summer that makes you do that!

As always, we encourage our residents to communicate their thoughts and opinions, as your input is essential to our mission. Please contact us at [parksandrecreation@covinaca.gov](mailto:parksandrecreation@covinaca.gov) or (626) 384-5340. On behalf of the entire Parks & Recreation and Library Services team,

***I wish all of our Covina families a Summer of smiles and fun!***

### REGISTRATION FOR GROUP LESSONS

- It is very important to register your child in the correct level.
- If parents are unsure of child's level, then they must attend a Swim Assessment prior to registering.
- If child has never taken swim lessons, cannot go under water, and cannot float on their own, then child should be registered in a level 1 class.
- If child has a level from attending the Spring 2023 season, then an assessment is not required.
- **If on the first day of lessons it is determined that a child is not in the correct level, then every attempt will be made to place the child in the appropriate class. However, this cannot be guaranteed. The child may need to be transferred to another time or session.**

### REGISTRATION FOR PARENT/CHILD, PRIVATE AND SEMI-PRIVATE LESSONS

- Registration opens **May 8 at 8 am** for all sessions and closes at **12 pm** on Thursday prior to session start date or when full, whichever occurs first.
- To register online for Semi-Private lessons, you must register one of the participants in a private lesson to hold the spot, and then contact the office to convert to Semi-Private lesson.
- No assessment is required for Parent/Child classes, Private or Semi-Private lessons.

### IMPORTANT INFORMATION

- Transfers or credits **MUST** be requested by 5 pm on the Thursday prior to session start date.
- **NO REFUNDS** will be issued for swim lessons, **NO EXCEPTIONS.**
- No refunds, credits or makeups for classes canceled due to fecal/biohazard incidents or inclement weather, or for classes missed by participant for any reason (including illness).
- All programs subject to change or cancellation due to low enrollment or other factors.

**YOUTH PROGRAMS**

**PARENT & ME (Ages 18 mos-3 yrs)**

Program focuses on developing motor skills and building the basic skills specific to the sport. Coaches will guide each parent/child group through a variety of fun exercises/games that encourage positive play and socialization. Season concludes with a short informal scrimmage game.

**LITTLE TOTS (Ages 3-4)**

Program provides children with a fun and exciting **noncompetitive** environment where they can experience sports for the first time. The first part of the program consists of drills and the last few weeks children play friendly games. Participants must be age 3 by the first day of the program - NO exceptions!

**YOUTH (Ages 5-13)**

Provides instruction for participants in a noncompetitive fun atmosphere. Sessions led by trained staff who emphasize each child's individual skill development by raising self-esteem and developing a joy for the sport. The 4-week structure allows for a faster-paced program with more individual training, skill development, and repetition.

**REFUND POLICY:**

Full refunds may be requested a minimum of 24 hours prior to the start of the program. Prorated refunds are provided if requested less than 24 hours prior to program start, but before the second day of the program. No refunds are provided after the second day of the program has taken place, regardless of whether it has been attended or not.

**PICKLEBALL PROGRAMS**

**BEGINNER CLASS (Ages 55+)**

This 4-week class provides an introduction to this exciting and low-impact sport that is a combination of tennis, badminton, and ping-pong. You will learn drills and play friendly games. Paddles available for use during class.

**SKILL DRILLING (Ages 13 & Up)**

Advance skills by practicing drilling. This 4-week class will help with your technique in dinking, serving, and Pickleball game IQ. No games will be played.

**OPEN PLAY (Ages 13 & Up)**

Pay a low monthly fee and stop by during any session to play games with other Pickleball enthusiasts! City staff will have everything you need to "get your game on!" (Nets, paddles, and balls).

**NEW! Get Fit Mommy & Dad-Bod Bootcamp - Ages 18 & up**

**Camp Days:** Monday-Friday **Location:** Covina Park (Teen Center) **Fee:** \$208/1 week

### RE/CO ROBOT

Build your very own RE/CO Robot, a mechanical off-roading adventure! It comes equipped with an infrared sensor and artificial intelligence. With the wireless remote control, robot can access new play modes like singing, storytelling, dancing and programming. **Ages 8-12**

**Dates and Time:** June 12-16, 9 am-12 pm

### FUTURE ENGINEERS

Build working models including a material lift, stationary bike, crane bridge, construction crane, and a windmill! Learn different scientific principles involving pulleys, mechanics and about basic circuits as you construct a Maze Challenge, Flying Disc, Turbo Air, and Alarm System with our STEM Lab kit! **Ages 8-12**

**Dates & Time:** June 12-16, 12:30-3:30 pm

### CYBERCRAWLER ROBOT

Build a CyberCrawler Robot! This smart coding robotics kit entertains and teaches programming skills to young future robotic engineers! Design obstacles and maze courses and see how far you can go. With a maximum storage capacity of 64 tasks, your robot will be a terrific starter tool to learn the joy of coding! **Ages 7-11**

**Dates & Time:** June 19-23, 9 am-12 pm

### BRIDGES AND BUILDING

Bring out the architect in you as you enter the world of structural engineering and explore the magic of STEM! Build model building experiments that demonstrate a basic principle of mechanical physics or structural engineering. Compete to see who can build the tallest tower! Challenge yourself building different types of bridges such as a suspension or cable bridge. **Ages 7-11**

**Dates & Time:** June 19-23, 12:30-3:30 pm

### 6-IN-1 SPACE FLEET ROBOT

Build your own Solar Space Fleet Robot! Using your own mini solar panel, watch as direct sunlight brings the kits to life! Create different working models including a Space Station, Space Rover, Astronaut, Space Dog and more. Watch as it moves around and speeds up or slows down depending on the intensity of light as you learn, experiment, and have fun with solar power! **Ages 7-11**

**Dates & Time:** June 26-30, 9 am-12 pm

### OUTER SPACE AND PHYSICS FUN

Build your own Solar System Kit and check out real meteorite fragment samples! Take home a cosmic rocket and watch it shoot up 50 ft. into the air! Assemble your own stunt plane and learn about the four major forces of flight. Take part in exciting activities involving physics, air pressure, and density such as an egg being magically sucked into a bottle and more! **Ages 6-11**

**Dates & Time:** June 26-30, 12:30-3:30 pm

### ELECTRICITY AND MAGNETMANIA

Learn all about electronics, magnetism, and more! Take part in our electronic lab and work with your own circuit kit. Build up to 100 exciting projects such as a flying saucer, alarm, and doorbell! All parts are mounted on plastic modules and snap together with ease. Join in magnetic experiments and take home the World's Simplest Motor! **Ages 7-12**

**Dates and Time:** July 24-28, 9 am-12 pm

### AGENT992 ROBOT

Build and take home your very own Agent992 Robot! This smart undercover robotics kit will entertain and teach infra-red capabilities to inquisitive minds. With an infrared radar your robot can capture its surrounding conditions, Forward mode, Gesture Control mode, and Auto Navigation mode. Compete with your classmates by designing obstacles or maze courses! **Ages 8-12**

**Dates & Time:** July 24-28, 12:30-3:30 pm

### SOLAR BOT.14

Learn how solar energy works and build your own educational solar robot kit that can construct into 14 different solar powered robots from functional to comical designs which include a tortoise bot, bug bot, paddle bot, surfer bot and more! Working with its motor, gears, and solar panel, watch your solar bot come to life without batteries as it uses the power of the sun. **Ages 8-12**

**Dates & Time:** August 7-11, 9 am-12 pm

### CODE AND CONTROL ROBO DOZER

Build your own powerful Robo Dozer with a speaker, circuit board, motors, LED lights, and more. Learn the advantages and disadvantages of tracked vehicles. The Code and Control wireless unit enables you to either directly control your Robo Dozer in real time, or write and save sequences of commands to perform at the push of a button and compete! **Ages 8-12**

**Dates & Time:** August 7-11, 12:30-3:30 pm

## ENGINEERING WITH LEGO®

# CITY TREE MAINTENANCE - DID YOU KNOW?

The Public Works Department is responsible for the maintenance of City-owned trees located in the parkway (right-a-way) along City streets. Trimming is performed following a routine, systematic schedule program, which is comprised of pre-designed trimming grids trimmed in their entirety on a set schedule. By trimming every tree on the street regardless of size, every resident in the respective neighborhood receives service, and the safety and welfare of the community will be enhanced.

## WHAT ARE THE COMMUNITY BENEFITS:

- **IMPROVED PUBLIC RELATIONS**  
Advanced notification of when trees are scheduled to be trimmed is available to residents.
- **EQUITABLE SERVICES**  
Every residence receives service. Service is not dependent upon a formal request.
- **IMPROVES HEALTH**  
Grid pruning improves the overall health of the tree population, which removes deadwood, corrects structure and enhances appearance.
- **PREVENTATIVE MAINTENANCE AND REDUCED LIABILITY**  
Routine maintenance and inspections of street trees ensure problems are corrected before they reach crisis level.
- **MAINTAIN A CAPITAL ASSET**  
By investing in the systematic maintenance concept, the City is maintaining its overall financial value to the community and one of the most valuable and overlooked assets.

## HOW IT WORKS...

Typical Municipal routine maintenance pruning cycles range from three to five years depending on budget. A four-year cycle allows for maintenance of every publicly maintained tree in a reasonable timeframe and reduces the amount of service request calls for faster growing species. In addition, with a four-year cycle, the City can tie it to an urban forest management plan that has a life span of 10 years or more, giving the City the flexibility to budget and program as needed and to respond to residents' concerns in a timely manner. This program also reduces the need for "emergency" maintenance, helps prevent liability problems (such as dead or weak branches), reduces tree mortality and improves the urban forest health and real value over the long term.

## Weather Extremes are Impacting Southern California's Water Supplies

- ◆ Recent winter storms are welcome news for our state and are helping to relieve the impacts of the historic three-year drought.
- ◆ But California is vulnerable to **extreme and variable weather**. We have to continually adapt how we manage, plan and invest in our water systems for long term resiliency.
- ◆ While we are seeing short-term relief locally and with our supplies from Northern California this year, our other source of imported water – the **Colorado River** – is in trouble.
- ◆ That's why **water efficiency needs to be a way of life in Southern California** – we must keep using water wisely and conserving in our homes, gardens, businesses, and communities. There are a variety of rebates, classes and water saving tips to help.
- ◆ **Rebates are available** to help property owners transition from thirsty lawns to a beautiful sustainable landscape. There are also rebates for water efficient indoor plumbing devices and outdoor irrigation systems.

For rebates visit [bewaterwise.com](http://bewaterwise.com).

- ◆ **Watering restrictions** are still in place. Check with your water provider for details.

## SB 1383 CALIFORNIA'S SHORT-LIVED CLIMATE POLLUTANT REDUCTION LAW

### WHAT IS SB 1383?

SB 1383 targets the reduction of methane emissions from landfills. The law establishes a target of 50% by 2020 and 75% by 2025 in the reduction of statewide disposal of organics waste.

As organics waste decomposes in landfills it emits methane gas. Landfills are the third largest source of methane in California.

LEARN MORE

To watch how you can start participating in organics recycling

### WHAT IS "ORGANICS WASTE"?

### WHO & WHEN MUST I COMPLY?

Beginning of January 1, 2022 all Californians must separate organics waste into a separate green container.

### HOW DO I COMPLY?

SB 1383 requires residents and businesses to arrange for organics waste recycling services.

### WHY THE NEW REGULATION?

By diverting organics from the landfill, Californians are part of the solution to protect the environment and future generations.
