## ROUGH GRADE CERTIFICATION

Job Address/Tract: \_\_\_\_\_ Permit No.: \_\_\_\_\_

Owner: \_\_\_\_\_ Contractor: \_\_\_\_\_

▪ **BY FIELD ENGINEER**

Based upon field observation, I certify that rough grading has been completed on the following lots in conformance with Appendix J of the California Building Code including grading to approximate plan elevations; property lines located and staked; cut and fill slopes correctly graded and located in accordance with the approved plan; swales and terraces graded and ready for paving; berms installed; and required drainage slopes provided on the building pads. I further certify that where report(s) of an Engineering Geologist and/or Soils Engineer have been prepared relative to this site, the recommendations contained in such reports have been followed in the prosecution of the work. In addition, all building pads are free from flood hazard in conformance with Section J101.2 of the California Building Code.

▪ **BY SOILS ENGINEER**

I certify that the earth fills placed on the following lots were constructed upon competent and properly prepared sub-grade; compacted in conformance with Appendix J of the California Building Code; and the rough grading work incorporated all recommendations contained in the report(s) for which I am responsible in addition to all recommendations that I have made based on field inspection of the work and testing during grading; fill slope surfaces have been compacted and buttress fills or other similar stabilization measures have been installed in accordance with my recommendations; sub-drains have been provided where required, and locations of said sub-drains are shown on as-built plans and/or rough grade reports dated \_\_\_\_\_.

See report dated \_\_\_\_\_ for compaction test data and procedure, recommended allowable soil bearing values, and other special recommendations.
