

Available Layers include: General Plan Land Use, Planned Community Developments (PCDs), Zoning, Specific Plan(s), Downtown Core Area Prohibiting Cannabis Business, Overlay Zones.

Select the hyperlink on the city webpage to open our Public GIS.

- A** This is the **expand layer list** button. You can click on the “” icon to turn layers on/off.
- B** These are the **zoom in** and **zoom out** buttons. The map can also be toggled with the computer mouse (click and move mouse to drag) or use the scroll wheel to zoom in and out of view.
- C** **Home view.** Use this button to return to the home view as shown in the image above.
- D** This is the **Open search** button. Type the property address into the search bar. Recommendations will appear as the address is typed.
- E** This is the **Expand Legend button**. The Legend shows the symbology for all layers that are turned on in the layer list.

*Some parcels have more than one data layer. Toggle each available layer using the left or right arrows on the information box for the parcel.*

Contact our Planning Division for any questions/zoning inquiries.
