# CITY OF COVINA

125 East College Street ● Covina, California 91723-2199

January 9, 2025

Honorable Mayor and City Council  
City of Covina  
Covina, California

The Annual Comprehensive Financial Report for the City of Covina (the City), California, as of June 30, 2024 and for the year then ended, is submitted herewith. Responsibility for both the accuracy of the data and the completeness and fairness of the presentation, including all disclosures, rests with the City. To the best of our knowledge and belief, the enclosed data is accurate in all material respects and is reported in a manner designed to present fairly the financial position, results of operations and cash flows of the various funds of the City. All disclosures necessary to enable the reader to gain an understanding of the City's financial activities have been included.

The financial statements are the responsibility of the City's management. Completeness and reliability of the information contained in this report is based upon a comprehensive framework of internal controls that is established for this purpose. The costs of internal control should not exceed the anticipated benefits. The objective of internal controls is to provide reasonable, rather than absolute, assurance that the financial statements are free of any material misstatements.

The Management's Discussion and Analysis (MD&A) interprets the financial reports by analyzing trends and by explaining changes, fluctuations, and variations in the financial data. In addition, the MD&A is intended to disclose any known significant events or decisions that affect the financial condition of the City. MD&A complements this letter of transmittal and should be read in conjunction with it.

**Independent Audit.** City policy requires that its financial statements be audited by a certified public accountant. CliftonLarsonAllen, Certified Public Accountants, have issued an unqualified ("clean") opinion on the City's financial statements for the fiscal year ended June 30, 2024. The auditor's report on the basic financial statements and required supplementary information is included in the financial section of this report.

The City is legally obligated to conduct an annual single audit in accordance with the Single Audit Act of 1984 and the U.S. Office of Management and Budget's Uniform Guidance for *Audits of State and Local Governments*, if total federal grant expenditures exceed \$750,000 in a single year. The City of Covina is a recipient of federal, state and county assistance, and for Fiscal Year 2023-24 it is subject to the requirements of a Single Audit as it did have Federal expenditures greater than the \$750,000 threshold.

## **Profile of the City of Covina**

The City is a mature, suburban city located twenty-three miles east of downtown Los Angeles in the eastern portion of the San Gabriel Valley. The City encompasses an area of approximately seven square miles and is virtually built out. The current population is 50,485 according to the State of California Department of Finance.

The City is a general law city, incorporated in 1901. The City Council is composed of five members elected biannually at large to four-year alternating terms. The Mayor and Mayor Pro Tem are selected by the City Council annually.

The City has a Council/Manager form of government. The City Manager is appointed by the City Council to manage the daily affairs of the City and to implement policies established by the City Council.

This report includes all the funds of the City. The City provides a full range of services including police and fire protection (via a contract with the Los Angeles County Fire Department); construction and maintenance of highways, streets and infrastructure; library and recreational services; public transportation; planning and economic development; housing; and administrative services. In addition to general municipal activities, the City provides water and sewer services.

The Council is required to adopt a final budget by June 30th of each fiscal year. The annual budget serves as the foundation for the City's financial planning and control. The budget is prepared by fund, program (e.g., public safety), and activity (e.g., police patrol). Department heads may transfer resources within each activity as needed. The City Manager may transfer resources between activities within a fund. Transfers between funds require approval from the City Council.

In accordance with the reporting entity definition of the Governmental Accounting Standards Board, the City has included the Covina Public Financing Authority, the Successor Agency for the former Covina Redevelopment Agency (as of February 1, 2012), and the Covina Housing Authority in the financial report.

Several state and county agencies, as well as school districts, provide services to the City but do not meet the established criteria for inclusion, and accordingly are excluded from this report.

## **Economic Condition and Outlook**

Much of the local development of the City occurred during the post-World War II building boom, which took place from the late 1940's through the 1960's. Prior to the building boom, the City was a major citrus producing area.

The character of the City is one of predominantly low to medium density residential and low-intensity commercial and light industrial uses. Single-family residential properties are the most common use. In addition, there are many commercial establishments, particularly community and neighborhood shopping centers, and a relatively large number of small to medium-sized professional offices and light manufacturing operations. The local economy is based on a variety of service, retail, and light manufacturing businesses as well as government agencies.

The City's economy always has been healthy, though relatively small in population and area. The City consistently ranks high in retail sales tax generation and sales tax per capita among San Gabriel Valley cities. This is primarily due to the mix of retail businesses located in the City as well as a voter-approved transaction and use tax. Despite being in the middle of the well-established San Gabriel Valley, Covina retains a small-town atmosphere. The City is connected to other areas of metropolitan Los Angeles by the nearby San Bernardino, Foothill, and Orange Freeways, as well as the Southern California Regional Rail Authority Metrolink Commuter Rail Line.

## **Long-Term Financial Planning**

As part of a financial strategic plan, the City Council developed the following budget policy guidelines for budgetary and financial planning purposes:

### Estimated Revenues

- Estimated revenues will be identified by fund, program and activity
- Fund types include general, special revenue, debt service, capital projects, enterprise, agency and internal service funds
- Identify recurring vs. nonrecurring revenues
- Identify general revenues vs. restricted revenues

### Appropriations

- Each program will identify activities and the recommended appropriations
- Identify recurring vs. nonrecurring appropriations
- Identify general vs. restricted appropriations
- Continuing appropriations for year-end
  - Encumbrances and contractual commitments
  - Grant, restricted donation and capital project appropriations are considered life-cycle appropriations
  - All other appropriations shall lapse at year-end unless carried forward by City Council action

### Fund Balances/Working Capital

- Budget will calculate available fund balances and/or working capital available in the various funds
- Budget will establish adequate reserves
  - Capital needs
  - Offset economic hard times
  - Stabilize fluctuations in cash flow requirements
  - Emergency situations

### Fund Balances/Working Capital (continued)

- General Fund
  - Minimum of 20% of operating expenses-reserve shall be maintained
  - Excess reserves will be designated for nonrecurring activities or capital improvements
- Internal Service Funds
  - Maintain general liability and worker's compensation reserves based on actuarial recommendations.
  - Maintain sufficient reserves to fund equipment replacement at the end of its useful life
- Enterprise Funds
  - Maintain reserves as recommended by applicable rate studies
- Restricted Funds
  - Reserves can be used for only designated purposes
  - Excess reserves can be designated for recurring and nonrecurring activities or capital improvements depending on the nature of the fund

### Community Needs Assessment, Monitoring and Reporting

- Identifying community needs for essential services
  - Describing the programs required to provide the essential services
  - Identifying the purpose of activities performed in delivering services
    - Identifying resources required to perform program activities and accomplish goals and objectives
- Monitoring standards to measure and evaluate
  - Output and outcomes of program activities
  - Accomplishment of program activities
  - Staffing levels
  - Program activity revenue and appropriations
    - Make budgetary and financial decisions on conservative estimates of revenues, expenditures and other financing sources and uses
    - The greater the uncertainty and/or volatility of the budgetary and financial estimates, the more conservative the estimates

### Changes in Service Levels

- The base budget is the required appropriation level needed to maintain the previous year's budget service level
- Change in service is the proposed increase or decrease in service level
- Increase in services shall be offset with new revenue or a corresponding decrease in other program services
- Grants shall not have a negative impact on General Fund services
- Future operating grants will not be funded by the General Fund unless there is a new revenue source or decrease in other program services

### Budget Shall Be Balanced

- Ongoing and recurring costs shall be funded with ongoing and recurring revenues
- One-time and nonrecurring costs shall be funded with excess ongoing revenues, available one-time revenues or excess reserves
- One-time or nonrecurring revenues shall not fund ongoing costs
- Current costs shall be recognized and funded in the current year, not deferred or funded in future years whenever possible
- Budget sufficient funding levels to maintain current City services
- The General Fund shall try to maintain a minimum \$100,000 operating contingency for unanticipated events
- Make conscious decisions about cost recovery and/or general tax subsidy of those services that benefit only a portion of the tax paying public
- Formalize a five-year capital improvement program to identify priorities, service levels, funding sources and future impacts of decisions made today.

### Infrastructure Maintenance

- Identify preventive maintenance of infrastructure to minimize future expenditures
  - Make conscious effort to amortize capital costs
    - Replacing or expanding existing facilities and equipment
    - With respect to equipment, rates shall be established to recover the replacement cost of each item at the end of its useful life
    - Facilities shall be amortized to cover ongoing maintenance and cyclical repairs, and for the replacement or expansion of major structures

Exceptions

- City Council authorization is required except for:
  - Emergencies
  - Legal requirements
  - Accounting changes and prior period adjustments

Implementation

- The City Manager shall be responsible for the preparation and submission of the budget
- The City Manager shall be authorized to make the appropriate changes to adhere to the budget policy
- Staff shall report to the City Council periodically (quarterly or semi-annually at a minimum) with an update on actual revenues and expenditures as shown in the adopted budget

The preparation of the Annual Comprehensive Financial Report was made possible by the dedicated service of the entire staff of the Administrative Services Department Finance Division with special recognition to Bessie Zou and Alan Sands. Credit also must be given to the Mayor and City Council for their support for maintaining the highest standards of professionalism in the management of the City of Covina's finances and to the Department Directors for their cooperation and support during the annual audit.

Sincerely,

**CITY OF COVINA**

## INDEPENDENT AUDITORS' REPORT

Honorable Mayor and  
Members of City Council  
City of Covina  
Covina, California

### Report on the Audit of the Financial Statements

#### ***Opinions***

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Covina (the City), as of and for the year ended June 30, 2024, and the related notes to the financial statements, which collectively comprise the City of Covina's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Covina as of June 30, 2024, and the respective changes in financial position, and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

We did not audit the financial statements of the Covina Irrigating Company which represents 12% of the assets of the water enterprise fund and 9% of the assets of the business-type activities as of June 30, 2024. Those statements were audited by other auditors whose report has been furnished to us, and our opinion, insofar as it relates to the amount included as an investment in the Covina Irrigating Company in the water enterprise fund, is based solely on the report of the other auditors.

#### ***Basis for Opinions***

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the City of Covina and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

#### ***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Honorable Mayor and  
Members of City Council  
City of Covina

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the City of Covina's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

***Auditors' Responsibilities for the Audit of the Financial Statements***

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the City of Covina's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the City of Covina's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Honorable Mayor and  
Members of City Council  
City of Covina

### ***Required Supplementary Information***

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, the miscellaneous plan schedule of changes in the net pension liability and related ratios and the schedule of contributions, the safety plan schedule of proportionate share of the net pension liability and the schedule of contributions, the other postemployment benefit plan schedule of changes in the net OPEB liability and related ratios and the schedule of contributions - OPEB and the budgetary comparison schedules for the General Fund, and Measure W Fund be presented to supplement the basic financial statements. Such information, is the responsibility of management and although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic or historical context. We have applied certain limited procedures to the required supplementary information in accordance with GAAS, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

### ***Supplementary Information***

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City of Covina's basic financial statements. The individual fund schedules and combining financial statements are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with GAAS. In our opinion, the individual fund schedules and combining financial statements are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

### ***Other Information***

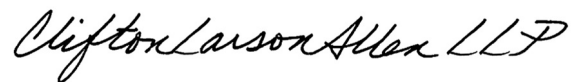

Management is responsible for the other information included in the annual report. The other information comprises the introductory and statistical sections but does not include the basic financial statements and our auditors' report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

Honorable Mayor and  
Members of City Council  
City of Covina

**Other Reporting Required by Government Auditing Standards**

In accordance with *Government Auditing Standards*, we have also issued our report dated January 9, 2025, on our consideration of the City of Covina's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the City of Covina's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City of Covina's internal control over financial reporting and compliance.

**CITY OF COVINA  
MANAGEMENT'S DISCUSSION AND ANALYSIS  
JUNE 30, 2024**

The following discussion and analysis of the City of Covina's (City) financial performance provides an overview of the City's financial activities for the fiscal year ended June 30, 2024. This report is prepared in conjunction with the accompanying transmittal letter and basic financial statements and notes.

**FINANCIAL HIGHLIGHTS**

- \* The assets and deferred outflows of the City exceeded its liabilities and deferred inflows at the close of the fiscal year by \$143,870,291. The Governmental Activities have a deficit unrestricted net position of \$32,082,117. Business-type Activities have unrestricted net position of \$10,890,907.
- \* The City's net position for governmental and business-type activities increased by \$18,240,201 or 14.52% from the previous fiscal year.
- \* The total cost of all City activities was \$85,057,806 for the current fiscal year. Net cost of all activities was \$33,991,793.
- \* During the current fiscal year, the City's governmental activities net revenues exceeded net expenditures by \$13,403,582.
- \* In the City's business-type activities, net revenues exceeded net expenditures by \$4,836,619.
- \* The total fund balance of the City's governmental funds was \$68,810,772 at the close of the fiscal year. This includes \$39,288,907 fund balance of the General Fund, \$22,984,173 of which is unassigned and is available for spending at the City's discretion (see note 14 of Notes to the Financial Statements).
- \* General Fund revenues and other financing sources (uses) exceeded expenditures by \$5,971,101 for the fiscal year.

**OVERVIEW OF THE FINANCIAL STATEMENTS**

This discussion and analysis is intended to serve as an introduction to the City's basic financial statements. The basic financial statements are comprised of three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. The report also contains required supplementary information and other supplementary information in addition to the basic financial statements.

**Government-wide Financial Statements**

The government-wide financial statements are designed to provide a broad overview of the City's finances, in a manner similar to private-sector business.

***Statement of Net Position***

The Statement of Net Position presents information on all of the City's assets, deferred outflows, liabilities and deferred inflows, the difference between the two reported as *net position*. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the City is improving or deteriorating.

**CITY OF COVINA  
MANAGEMENT'S DISCUSSION AND ANALYSIS  
JUNE 30, 2024**

***Statement of Activities***

The Statement of Activities presents information showing how the City's net position changed during the fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, *regardless of the timing of related cash flows*. Revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods.

Both of the government-wide financial statements distinguish functions of the City that are principally supported by taxes and intergovernmental revenues (*governmental activities*) and from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (*business-type activities*). The governmental activities include General Government, Public Safety, Public Works, Culture and Recreation, Community Development, Transit, Redevelopment and Housing, and Interest on Long-Term Debt. The business-type activities include Water Utility, Environmental Protection, Theater and Sewer.

The government-wide financial statements include not only the City itself (known as the *primary government*) but also the blending of the legally separate Covina Public Financing Authority, and Covina Housing Authority for which the City is financially accountable. These *component units* are therefore included as an integral part of the primary government.

**Fund Financial Statements**

A *fund* is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The City, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the City can be divided in three categories: governmental funds, proprietary funds, and fiduciary funds.

***Governmental Funds***

Governmental funds are used to account for essentially the same functions reported as *governmental activities* in the government-wide financial statements. However, unlike government-wide financial statements, governmental fund financial statements focus on *near-term inflows and outflows of spendable resources*, as well as on *balances of spendable resources* available at the end of the fiscal year. Such information may be useful in evaluating the City's near-term financing requirements.

The focus of governmental funds is narrower than that of the government-wide financial statements; it is useful to compare the information presented for *governmental funds* with similar information presented for *governmental activities* in the government-wide financial statements. This will provide a better understanding of the long-term impact of the City's near-term financing decisions. The Governmental Fund Balance Sheet and the Statement of Revenues, Expenditures, and Changes in Fund Balances provide a reconciliation to facilitate the comparison between *governmental funds* and *governmental activities*.

The City maintains twenty-six individual governmental funds. Information is presented separately in the governmental funds Balance Sheet and Statement of Revenues, Expenditures, and Changes in Fund Balances for the General Fund and Other Grants Fund which are considered to be major funds. Information from the other non-major governmental funds is combined into a single, aggregated presentation. Individual fund data for each of these non-major governmental funds is provided in the form of *combining statements* in the supplementary information section of the report.

**CITY OF COVINA  
MANAGEMENT'S DISCUSSION AND ANALYSIS  
JUNE 30, 2024**

The City adopts an annual appropriated budget for all of the governmental funds. Budgetary comparison schedules have been provided in the required supplementary information section for the General Fund to demonstrate compliance with the budget. Budgetary comparison schedules have been provided in the supplementary information section for the non-major governmental funds.

***Proprietary Funds***

The City maintains two different types of proprietary funds. *Enterprise funds* are used to report the same functions presented as *business-type activities* in the government-wide financial statements. The City's enterprise funds account for the Water Utility, Environmental Protection, Theater and Sewer. *Internal service funds* are used to accumulate and allocate costs internally among various City functions. The City's internal service funds account for Information Technology, Central Equipment, Workers' Compensation, Building Maintenance and Public Liability. These services predominately benefit governmental and have been allocated within the *governmental activities* in the government-wide financial statements.

Proprietary funds provide the same type of information as the government-wide financial statements, only in more detail. The proprietary fund financial statements provide separate information for the Water Utility, Environmental Protection and Sewer. Water and Sewer funds are considered to be major funds of the City. Conversely, all Central Equipment, Information Technology, Workers' Compensation, Building Maintenance and Public Liability internal service funds are combined into a single, aggregated presentation in the proprietary fund financial statements. Individual fund data for the internal service funds is provided in the form of *combining statements* in the supplementary information section of this report.

***Fiduciary Funds***

Fiduciary funds (private purpose trust fund and custodial fund) are used to account for the assets and activities for which the City acts as trustee. The Statement of Fiduciary Net Position reports the assets and liabilities of the fund and the net position is reported as "held in trust for others".

The government-wide financial statements exclude fiduciary funds.

**Notes to the Financial Statements**

The *Notes to the Financial Statements* provide additional information that is essential to the full understanding of the data provided in the government-wide and fund financial statements.

**GOVERNMENT-WIDE FINANCIAL ANALYSIS**

**Total Net Position**

Net position reflects the excess of assets and deferred outflows of resources over liabilities and deferred inflows of resources and may serve over time as a useful indicator of the City's financial position.

**CITY OF COVINA  
MANAGEMENT'S DISCUSSION AND ANALYSIS  
JUNE 30, 2024**

As detailed in the *Government-Wide Financial Statements-Statement of Net Position*, the City's total net position for governmental and business-type activities was \$143.9 million at the close of the fiscal year, which is an increase of \$18.2 million or 14.52% from the previous fiscal year.

The largest portion of that net position, \$133.7 million, is in capital assets (land, buildings and structures, infrastructure, and machinery and equipment) less any related debt outstanding used to acquire those assets. Capital assets are acquired for the purpose of providing services and infrastructure and are unavailable for future spending. Resources needed to repay related debt outstanding must be provided from other sources before liquidating capital assets to satisfy these liabilities.

Additionally, \$31.41 million of the City's total net position represents resources that are subject to external restrictions such as public safety, transit, and capital projects. Those restrictions are designated by certain federal, state, and local statutes and may not be used by the City for ongoing obligations to citizens and creditors. This leaves the City with a deficit unrestricted net position of \$21.2 million.

**Governmental Activities**

This analysis focuses on the net position and changes in net position of the City's governmental activities, as presented in the Statement of Net Position.

The net position of the governmental activities represents 62.21% of the City's total net position. As reflected in the following table, restricted governmental activities net position increased by \$6.3 million (25.27%) from the previous fiscal year. This portion of net position is subject to external restrictions relating to public safety, public works, community development, culture and recreation, transit and redevelopment and housing.

As reflected above, the City's total revenues exceeded total expenses of governmental activities by \$13.4 million. Compared to the previous year, 2024 revenues show an increase of \$2.9 million while expenses decreased by \$3.0 million.

The revenue decrease in Charges for Services of \$116,700 includes a decrease of \$117,000 in Public Works Engineering Services as well as a decrease in Street Development Impact Fee revenue of \$123,000. The decrease in Development Impact Fees was anticipated, as the prior year's revenue was higher than usual. In addition, Public Safety experienced a reduction of \$138,000 in parking citation revenue, due to staffing challenges faced by the contracted service provider. Court fines decreased by \$113,000 as there were a reduced number of citations issued. These reductions were partially offset by revenue increases in Community Development (includes Code Enforcement Fines increase of \$52,000 and \$88,000 increase in Quimby fees), Culture and Recreation (departmental net revenue increase of \$30,000) and Public Safety's crossing guard revenue increase of \$124,000.

**CITY OF COVINA  
MANAGEMENT’S DISCUSSION AND ANALYSIS  
JUNE 30, 2024**

Operating Grants decreased by \$1.9 million. This difference is due in large part to a one-time \$3 million grant received in FY 2022-23 for the Covina Theater. Grant revenue increases that offset this reduction include Public Works grant increases totaling \$762,000, Culture and Recreation grant increases of \$107,000 and Transit grant increases of \$216,000. As in FY 2023, Public Safety utilized American Rescue Plan Act revenue replacement of \$3 million for Fire Services.

Capital Grants decreased by \$509,000. The decrease is due in part to the Covina Park Playground Equipment grant received in 2022-23, \$304,400, as well as a \$245,200 decrease in Transit grants and \$103,300 decrease in Public Works grants.

Property tax revenue increased by \$1.2 million. However, the City experienced a decrease of \$792,000 in sales and transaction and use taxes. This decline is reflective of reduced purchases of consumer goods, attributable in part to higher interest rates. Utility users tax decreased slightly (\$17,000), as FY 2022-23 experienced sharp spikes in utility costs.

Changes in other revenue sources include a \$59,000 increase in transient occupancy taxes and a \$20,000 decrease in property transfer taxes. In addition, there is a \$59,000 increase in franchise taxes and investment earnings increase of \$3.4 million (reflecting higher interest rates and increased market value of City investments).

Net expenses reflected on the Statement of Activities are good indications of the extent to which the services provided by the City are financed from taxes paid by the citizens (general revenues) as opposed to recovering the cost of these services with user fees and other contributions (program revenues). Transit program revenues were sufficient to cover related expenditures. General Government, Public Safety, Public Works, Community Development, Culture & Recreation and Redevelopment & Housing required general revenues to subsidize expenditures. Expenses and associated program revenues for each governmental function are reflected on the following table. One change of note is the decrease in Public Safety expenditures: this primarily reflects the change in Public Safety Pension Obligation expense from 2023 (\$12.97 million) to 2024 (\$2 million).

**Expenses and Program Revenues-Governmental Activities**

**CITY OF COVINA  
MANAGEMENT'S DISCUSSION AND ANALYSIS  
JUNE 30, 2024**

As reflected on the following graph, taxes, grants and contributions, and charges for services provide 100% of the overall revenue sources of the governmental activities. Taxes include property, sales, transaction & use, utility users and other taxes (transient occupancy, property transfer, business license and franchise).

**Revenue Sources-Governmental Activities**

The next graph demonstrates governmental activity expenses by function/program. Note that public safety and public works represent 73.9% of the governmental activities' expenditures; this is consistent with the City's highest priority of citizen safety and well-being. Culture and recreation represent 9.4% of governmental activities as the City is committed to providing valuable programs to the community.

The analysis of business-type activities focuses on the net position and changes in net position of the City's Water Utility, Environmental Protection, Theater, and Sewer functions. The following table summarizes the business-type net position for fiscal years 2023 and 2024. Current year detail can be found in the *Government-Wide Financial Statements, Statement of Net Position*.

MANAGEMENT'S DISCUSSION AND ANALYSIS  
JUNE 30, 2024**

The net position of the business-type activities represents 37.79% of the City's total net position and increased by \$4.8 million from the previous year. Restricted net position reflects amounts established for emergency needs and bond proceeds which are restricted to capital projects. The revenue and expense activity which generated the change in business type net position is reflected on the following table.

**Business-type Change in Net Position**

	2024	2023

As reflected above, the City's business-type charges for services revenues exceeded program expenses by \$85,000. Total business-type program revenues increased by \$3.8 million from the prior fiscal year. Water sales increased by \$825,000 and Sewer utility revenue increased by \$20,000. Environmental Protection service charges were \$105,000 less than the prior year, as the City did not have any land developments that paid applicable storm water fees in 2023-24. In addition, in FY 2022-23 Environmental Protection received catch-up payments for a rate change. Fiscal Year 2023-24 was the Theater's first full year of operation with ticket sales of \$171,000. The increase in capital grants and contributions of \$2.9 million reflects the grant funded portion of the Theater transferred from the general fund to the Theater fund. General revenues increased by \$2.1 million due predominately to increased investment earnings.

Water and Sewer charges for services/operating grants were sufficient to cover operating expenses for the respective functions during the fiscal year. Although Environmental Protection's expenses remained relatively constant, reduced revenue caused program expenses to exceed program revenues by \$305,000, with projects including trash enclosures and the addition of storm water infiltration systems.

**CITY OF COVINA  
MANAGEMENT'S DISCUSSION AND ANALYSIS  
JUNE 30, 2024**

Business-type expenses attributable to Water increased by \$1.0 million due in large part to increased water supply costs (\$314,000), production and storage (\$104,000) water transmission and distribution (\$393,000) and general & administrative expenses (\$212,000) which include negotiated wage/benefit increases. Sewer utilities increased by \$152,000 from the previous fiscal year, reflecting \$16,000 increased administrative expenses and \$113,000 increased operating expenses (including a motor vehicle purchase).

Expenses and associated program revenues for each business-type function are reflected on the following table.

**Expenses and Program Revenues-Business-type Activities**

As reflected on the following chart, charges for services are the major source of revenue to be used for business-type activity operating and capital maintenance costs. Water Utility Charges for Services include water sales, service fees, connection fees and other miscellaneous charges. Environmental protection charges include fees for refuse and recycling services, compressed Natural Gas (CNG), and permit fees for storm water and industrial waste. Theater charges for services include fees for facility use, property rental, ticket sales and antenna rental. Sewer charges for services include fees established to recover the cost of operating the sewer system throughout the City. Other revenues reflect investment earnings.

**FINANCIAL ANALYSIS OF THE CITY FUNDS**

The City uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. The fund financial statements focus on individual parts of City government, reporting City operations in more detail than government-wide statements.

**CITY OF COVINA  
MANAGEMENT'S DISCUSSION AND ANALYSIS  
JUNE 30, 2024**

**Governmental Funds**

The focus of *governmental funds* is to provide information on near-term inflows, outflows and balances of *spendable* resources. This information assesses the City's financing requirements. *Unassigned fund balance* is a measure of the City's net resources available for designation or spending at the end of the fiscal year.

As of June 30, 2024, the City's governmental funds reported combined fund balances of \$68.8 million, an increase of \$12.3 million from the prior fiscal year. There is \$22.4 million of *Unassigned fund balance* available for designation and/or future spending at the City's discretion. The remaining fund balance is nonspendable, restricted, committed or assigned and is not available for spending at the City's discretion, as detailed in Note 14 of *Notes to the Financial Statements*.

The following is a summary of fund balances of the governmental funds for fiscal years 2019-2024:

The General Fund is the chief operating fund of the City. As displayed in the *Governmental Fund Financial Statements-Balance Sheet*, the fund balance of the General Fund at the end of Fiscal Year 2023-24 was \$39.3 million and is classified as follows: \$93,000 nonspendable, \$15.9 million committed, \$1,000 assigned, and \$23 million unassigned. In keeping with the City Council's Reserve Policy, the committed emergency contingency fund balance meets the City's Emergency Contingency Reserve requirement of 20% of General Fund expenditures.

The fund balance of the General Fund increased by \$6 million during the fiscal year. Revenues and expenditures experienced steady growth, each increasing by approximately by \$2.4 million.

**CITY OF COVINA  
MANAGEMENT'S DISCUSSION AND ANALYSIS  
JUNE 30, 2024**

**Proprietary Funds**

The City's proprietary funds financial statements provide the same type of information found in the government-wide statements, but provide detail specific to the City's water utility, environmental, theater and sewer enterprises.

Net position of the Water Utility fund is \$39.7 million, an increase of \$1,605,268 from the prior fiscal year. Of that, \$12 million is unrestricted. Environmental Protection and Theater have combined net positions of \$5.8 million with unrestricted net position decreasing to -\$2.4 million from \$-1.7 million in the prior year. The net position of the Sewer fund increased to \$10.4 million from \$9.9 million in the prior year. Of that, \$2.8 million is unrestricted. Other factors concerning the finances of these three funds are addressed in the discussion of the business-type activities.

**General Fund Budgetary Highlights**

Appropriation differences between the original budget and the final budget are \$11.3 million which represents a 21% increase. The increase reflects additional funding appropriated for various projects including Covina Recreation Village (\$3.1 million), Covina Skate Park (\$1 million), as well as funding of internal service funds (\$770,000). Community Development's budgeted appropriations increased to reflect the anticipated net cost of acquiring Kia property (\$2.7 million). In addition, Community Development budgeted an increase in consultant fees for plan check services (\$250,000), and various community projects such as: the Job Creation Program (\$250,000), Business Capital Improvement Program (\$120,000), Hollenbeck Park Pickle Ball Project (\$112,000), Unlicensed Food Vendor Enforcement (\$115,000), and Covina Theater Improvements (\$85,500). Mid-year budget adjustments included reductions to budgeted sales tax and engineering revenue, while increasing property tax and UUT revenue. Appropriations were increased reflecting changes to elected official's salary and benefits, legal fees, code enforcement overtime for unlicensed vendor activities, and various professional services.

**CAPITAL ASSET AND DEBT ADMINISTRATION**

**Capital Assets**

The City's investment in capital assets for governmental and business-type activities as of June 30, 2024, is \$160.6 million (net of accumulated depreciation). Capital assets include buildings and structures, improvements other than buildings, domain infrastructure, water system infrastructure, sanitary sewer infrastructure, machinery and equipment, and construction in progress. The following table is a summary of capital assets (net of accumulated depreciation) at June 30, 2024 and 2023.

Total capital assets, net of depreciation, increased from the prior year by \$7.9 million. Completed projects which contributed to this increase include Rowland Ave. Street Rehabilitation (\$2.1 million), Covina Skate Park (\$1.5 million), street resurfacing (\$1.4 million), police department locker room renovation (\$897,000) and a water main replacement (\$1.6 million). Note 9 of *Notes to the Financial Statements* provide additional capital asset information.

**Debt Administration**

At the end of the fiscal year, the City had total long-term debt outstanding of \$138 million. This includes notes, leases, revenue bonds payable, other post-employment benefits and net pension liabilities. On the following page is a summary of the outstanding debt (net of unamortized charges) at June 30, 2024 and 2023.

Total business-type activities	33,651,218	35,546,789
Total outstanding debt	\$ 136,337,478	\$ 137,973,773

The \$259,000 long-term debt increase in governmental activities from 2023 to 2024 is due to increases in compensated absences (\$205,000), claims and judgements (\$557,000), leases payable (\$50,000) and net pension liability (\$2.4 million). All other long-term debt in governmental activities decreased. Although increases were seen in business-type activities' compensated absences (\$99,000) and net pension liability (\$403,000) all other business-type activities decreased, netting to a decrease of \$1.9 million.

The Covina Public Financing Authority maintains an "AA-" S&P Global rating for the wastewater revenue bonds.

Additional information on the City's long-term debt and other long-term liabilities can be found in Note 10, Note 13, and Note 16 of the *Notes to the Financial Statements*.

**ECONOMIC FACTORS AND NEXT YEAR'S BUDGET**

The City applied sound budgeting practices and considered new development, consumer spending, and other relevant factors in formulating a balanced budget for Fiscal Year 2024-25. Prudent, cost-saving budget practices, including pro-active debt management, will continue into future years.

MANAGEMENT'S DISCUSSION AND ANALYSIS  
JUNE 30, 2024**

The conservative budget policies put in place by Council direction, emphasized by the City Manager and supported by staff, as well as the voter approved transaction and use tax measure have enabled the City of Covina to remain fiscally solvent. As reflected on Note 14 of *Notes to the Financial Statements*, the City's emergency contingency reserve meets the 20% of General Fund expenditures requirements established as the Council's goal set forth in the City's budget policy.

The City continues to be cautiously conservative in revenue and expenditure projections. With that in mind, the Fiscal Year 2024-25 budget projects an overall increase in revenues in comparison to Fiscal Year 2023-24. The increase includes increased tax revenues, with the exception of sales tax which is expected to slow based on consumer purchasing changes.

Increases to budgeted departmental expenditures reflect negotiated salary and benefit increases as well as increases to unfunded liability costs. In addition, activity of the former redevelopment agency results in reduced administrative funding, requiring that some staff costs be absorbed by the general fund. In addition, Community Development expenses reflect the purchase of property from the former redevelopment agency. Another contributing factor is that FY 2023-24 is the final year of ARPA funding, with a large share of fire service costs transitioning back to the general fund.

**RECONCILIATION OF THE GOVERNMENTAL FUNDS STATEMENT OF REVENUES,**  
**EXPENDITURES, AND CHANGES IN FUND BALANCES TO THE STATEMENT OF ACTIVITIES**  
**YEAR ENDED JUNE 30, 2024**

Net Change in Fund Balances - Total Governmental Funds \$ 12,301,869

Amounts reported for governmental activities in the statement of activities are different because:

Governmental funds report capital outlays as expenditures and do not include capital contributions. However, in the statement of activities, the costs of those assets are allocated over their estimated useful lives as depreciation expense and capital contributions are recognized as revenue. This is the amount by which capital outlay exceeded depreciation expense in the current period and the amount of capital contributions received.

Capital Outlay	\$ 10,089,226	
Deletions	(2,947,687)	
Depreciation Expense	<u>(5,639,753)</u>	1,501,786

The issuance of long-term debt provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net position. Also, governmental funds report the effect of premiums, discounts, and similar items when the debt is first issued, whereas these amounts are deferred and amortized in the statement of activities. These amounts are the net effect of these differences in the treatment of long-term debt and related items.

Leases	(90,375)	
Subscriptions	176,223	
Principal Payments	2,666,510	
Amortization Premium on Bonds	<u>11,559</u>	2,763,917

Pension expenditures reported in the governmental funds includes the annual required contributions. **CITY OF COVINA  
NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2024**

**NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

**A. Financial Reporting Entity**

The financial statements of the City of Covina (the City) include the financial activities of the City, the Covina Public Financing Authority, and the Covina Housing Authority. Their financial operations are closely related, and the City Council has a continuing responsibility over the entities. The responsibility is determined based on budget adoption, taxing authority, funding, and appointments of the governing board. Blended component units, although legally separate entities, are part of the City's operations and, therefore, data from these units are combined with data of the City.

Since the City Council acts as the Board of Directors and can impose its will on the Covina Public Financing Authority and the Covina Housing Authority, the City is the primary government, and the other two entities are component units. Additionally, since the governing boards of the City and the two other component units are the same, there is a potential for the component units to provide specific financial benefits to or impose specific financial burdens on the City. Therefore, the financial statements of the City and the two component units are blended.

The City of Covina was incorporated in 1901 as a General Law City. The City provides a broad range of services to its citizens, including general government, public safety, streets, sanitation and health, culture and park facilities, and social services.

The Covina Redevelopment Agency (the Agency) was established in 1969, pursuant to the state of California, Health and Safety Code, Section 33000. Its purpose is to prepare and carry out plans for the improvement, rehabilitation, and development of blighted areas within the territorial limits of the City of Covina. On June 28, 2011, Assembly Bill X1 26 (AB X1 26), the Dissolution bill was enacted. On December 29, 2011, the California Supreme Court upheld the constitutionality of AB X1 26, and all redevelopment agencies in California were dissolved by operation of law effective February 1, 2012. The legislation provides for successor agencies and oversight boards that are responsible for overseeing the dissolution process and wind down of redevelopment activity. On January 11, 2012, the City adopted a resolution declaring its intent to serve as the Successor Agency and on January 30, 2012, the City Council adopted a resolution to retain the Housing assets and functions of the former redevelopment agency, and the Housing Authority of the City will serve as the Housing Successor Agency.

**CITY OF COVINA**  
**NOTES TO FINANCIAL STATEMENTS**  
**JUNE 30, 2024**

**NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**A. Financial Reporting Entity (Continued)**

The Successor Agency to the Covina Redevelopment Agency (SACRA) was created to serve as a custodian for the assets and to wind down the affairs of the former Agency. The SACRA is a separate public entity from the City, subject to the direction of an Oversight Board. In general, the SACRA's assets can only be used to pay enforceable obligations in existence at the date of dissolution (including the completion of any unfinished projects that were subject to legally enforceable contractual commitments). In future fiscal years, the SACRA will only be allocated revenue in the amount that is necessary to pay the estimated annual installment payments on enforceable obligations of the former Agency until all enforceable obligations of the former Agency have been paid in full and all assets have been liquidated. The SACRA is a fiduciary component unit and is reported as a fiduciary fund (private-purpose trust fund).

The Covina Public Financing Authority (the Authority) is a joint powers authority organized pursuant to the state of California Government Code, Section 6500. The Authority exists under a Joint Exercise of Power Agreement between the City of Covina and the Covina Redevelopment Agency. Its purpose is to facilitate financing for public capital improvements of the City and the Agency. Separate financial statements are not prepared for the Authority.

The Covina Housing Authority (the Housing Authority) was formed January 25, 2011, in order to continue to achieve the goals established by the Housing Element of the general plan. A housing authority collaborates with public, private, and nonprofit entities agencies for the purpose of providing sanitary and safe housing for people of very low-, low- or moderate-income within a city or county's territorial jurisdiction. The core activities of many housing authorities are primarily to build, acquire, own, manage, and maintain residential rental units and to provide financial assistance for rentals or ownership in the private real estate market. A housing authority is governed by the state Housing Authority Law, and for purposes of major federal funding, if any is received, regulations of the U.S. Department of Housing and Urban Development (HUD). Further, a housing authority is not required under the Housing Authority Law to seek HUD or any other type of outside funding. On January 30, 2012, the City Council adopted a resolution to retain the Housing assets and functions of the dissolved Agency, and the Housing Authority of the City will serve as the Housing Successor Agency. The activity is reflected in the Housing Authority Special Revenue Fund. Separate financial statements are not prepared for the Housing Authority.

The accounting policies of the City, the Authority, and the Housing Authority conform to accounting principles generally accepted in the United States of America as applicable to governments. The following is a summary of the more significant policies.

**CITY OF COVINA  
NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2024**

**NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**B. Government-Wide and Fund Financial Statements**

The accompanying financial statements are presented on the basis prescribed in Governmental Accounting Standards Board (GASB) Statement No. 34, *Basic Financial Statements – and Management’s Discussion and Analysis – for State and Local Governments*. The financial statements of the City are as follows:

Government-Wide Financial Statements

The *Statement of Net Position and Statement of Activities* report information on all the activities of the primary government (including its blended component units). The City of Covina has no discretely presented component units. As a rule, the effect of interfund activity has been eliminated from the government-wide statements. Exceptions to this general rule are charges for the City water utility, sewer services and environmental services, and indirect general government expenses to other functions and funds of the City. Elimination of the water utility, sewer service charges, and environmental service charges would distort the direct costs and program revenues reported for the various functions concerned. Expenses reported in various funds include allocated indirect general government expenses. Governmental activities, which normally are supported by taxes, intergovernmental revenues, and other nonexchange transactions, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment is offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include (1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and (2) grants and contributions that are restricted to meeting the operational or capital requirements of a function or segment. Taxes and other items not properly included among program revenues are reported as general revenues.

Fund Financial Statements

Separate financial statements of the City, including blended component units, are provided for major individual governmental, proprietary and fiduciary funds, which include the private-purpose trust fund and custodial fund. The fiduciary funds are excluded from the government-wide financial statements. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements.

**NOTES TO FINANCIAL STATEMENTS**  
**JUNE 30, 2024**

**NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**C. Measurement Focus, Basis of Accounting, and Financial Statement Presentation**

The government-wide financial statements are reported using the *economic resources measurement focus* and the *accrual basis of accounting*, as are the proprietary and fiduciary funds statements. With this measurement focus, all assets, deferred outflows of resources, liabilities and deferred inflows of resources associated with the operation of the City are included on the statement of net position. Net position (assets plus deferred outflows of resources less liabilities less deferred inflows of resources) are segregated into net investment in capital assets (net of related debt), restricted and unrestricted components. The statement of activities and statement of revenues, expenses, and changes in fund net position of proprietary funds present increases (revenues) and decreases (expenses) in net total position. Revenues are recorded when earned and expenses are recorded when a liability is incurred regardless of the timing of the related cash flows. Under this determination, unbilled service receivables are recorded at fiscal year-end.

*Nonexchange transactions* are typically described as taxes, fines and certain grants and donations. In a nonexchange transaction, a government gives (or receives) value without directly receiving (or giving) equal value in return. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Government fund financial statements are reported using the *current financial resources measurement focus and the modified accrual basis of accounting*. With this measurement focus, only current assets, current liabilities and current deferred inflows of resources generally are included on the balance sheet. Operating statements of these funds' present increases (i.e., revenues and other financing sources) and decreases (i.e., expenditures and other financing uses) in fund balance. Under the modified accrual basis of accounting, revenues are recognized when they become susceptible to accrual (i.e., when they become measurable and available to finance expenditures of the current period or soon enough thereafter to be used to pay liabilities of the current period). For this purpose, the City considers revenues including property taxes to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures are recorded when the related fund liability is incurred, except for unmatured principal and interest on long-term debt, claims and judgments and compensated absences, which are recognized only when due and payable at fiscal year-end. General capital asset acquisitions and debt service principal payments are reported as expenditures in governmental funds. Proceeds from long-term debt and acquisitions under leases are reported as other financing sources.

**NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**C. Measurement Focus, Basis of Accounting, and Financial Statement Presentation (Continued)**

Property taxes, charges for services, grant revenues, and investment earnings are susceptible to accrual and have been recognized as revenues of the current fiscal period. Licenses and permits and fines and forfeitures are not susceptible to accrual because they are not measurable until received in cash. Grant revenues earned but not received are recorded as a receivable, and grants received before the related revenue recognition criteria have been met are reported as unearned revenues.

The City reports the following major governmental funds:

**General Fund**

This fund is the City's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

**Measure W Special Revenue Fund**

This fund accounts for the tax collected to provide a safe, clean water program.

**American Rescue Plan Act (ARPA) Special Revenue Fund**

This fund accounts for monies provided to the City to assist with COVID pandemic-related response activities supporting public health response, address negative economic impacts, replace public sector revenue loss, fund essential government services and certain water, sewer, and broadband infrastructure improvements.

**Park Development Capital Projects Fund**

This fund accounts for federal and state grant monies used for parkland acquisition and development.

The City reports the following major proprietary funds:

**Water Utility Fund**

This enterprise fund is used to account for general and administrative, utility billing, customer service, sales promotion, source and supply, production and storage, and transmission and distribution operations.

**Sewer Fund**

This enterprise fund accounts for the operation and maintenance of the wastewater system within the City's boundaries.

(Continued)**

Additionally, the City reports the following fund types:

**Special Revenue Funds**

These funds are used to account for specific revenue sources that are legally restricted or otherwise assigned for specific purposes.

**Capital Projects Funds**

These funds are used to account for capital expenditures funded by various sources.

**Enterprise Funds**

These funds accounts for the general and administrative, environmental services, industrial waste, waste management operations, and theater operations.

**Internal Service Funds**

These funds account for the central equipment, management information systems, workers' compensation and general liability services provided to other departments of the City.

**Fiduciary Funds**

Private-Purpose Trust Fund

This fund is to account for custodial responsibilities that are assigned to SACRA with the passage of AB X1 26 and was established on February 1, 2012. The fund accounts for the receipt of property tax revenues pursuant to the dissolution of the Agency and expenses incurred pursuant to the recognized obligation payment schedule (ROPS) approved by the State Department of Finance. This fund follows the accrual basis of accounting.

Other Postemployment Benefit Trust Fund

The fund is to account for resources that are held in an irrevocable trust for the benefit of participants in the City's other postemployment benefit plan.

Custodial Funds

These funds are used to account for funds in which the City is acting as an agent for another entity. These funds are reported using the accrual basis of accounting.

**CITY OF COVINA  
NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2024**

**NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**C. Measurement Focus, Basis of Accounting, and Financial Statement Presentation  
(Continued)**

Proprietary funds distinguish *operating revenues* and expenses from *nonoperating* items. Operating revenues and expenses from operations generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the Water Utility, Sewer and nonmajor (Environmental) enterprise funds and the City's internal service funds are charges to customers for sales and services. The Water Utility recognizes as operating revenue capital improvement fees intended for construction and rehabilitation of the water system. Operating expenses for enterprise and internal service funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

When both restricted and unrestricted resources are available for use, it is the City's policy to use restricted resources first, then unrestricted resources as needed.

**D. Encumbrances**

Encumbrance accounting, under which purchase orders, contracts, and other commitments for the expenditures of funds are recorded, is employed in governmental funds. Amounts encumbered in the current year are treated as restricted, committed, or assigned fund equity since they do not constitute expenditures or liabilities. At fiscal year-end, encumbrances outstanding are shown as restricted or assigned fund balance.

**E. Use of Estimates**

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

**F. Cash and Cash Equivalents**

The City considers all highly liquid investments with a maturity of three months or less when purchased to be cash equivalents.

**G. Investments**

Investments are stated at fair value using quoted market prices. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Investment elements, including interest and changes in fair value, are aggregated and reported as investment earnings in the financial statements.

**CITY OF COVINA  
NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2024**

**NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**H. Receivables**

All accounts receivable are shown net of an allowance for uncollectible amounts. The allowance is estimated based on historical collections and a review of account receivable.

**I. Inventories and Prepaid Items**

Inventories are priced at the lower of cost or market on a first-in, first-out basis. The inventories consist primarily of water parts, vehicle and equipment parts and gasoline. Inventories of governmental funds are considered immaterial and are recorded as expenditures when purchased under the purchase's method. Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both government-wide and fund financial statements.

**J. Compensated Absences**

The City permits employees to accumulate earned but unused vacation and sick pay benefits. All vacation pay and a portion of the sick pay are accrued when incurred in the government-wide and proprietary fund financial statements.

**K. Capital Assets**

Capital assets, which include property, plant, equipment, and infrastructure assets (roads, bridges, sidewalks, water, sewer, and similar items), are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. Capital assets are defined by the City as assets with a cost of more than \$5,000 (more than \$1,000 for certain vehicles and information technology equipment) and an estimated useful life of more than one year. Such assets are recorded at historical or estimated historical cost. Contributed and donated capital assets are recorded at acquisition value at the date of donation.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend the life of the asset are not capitalized. Major capital outlays and improvements are capitalized as projects are constructed.

Property, plant, and equipment of the City is depreciated using the straight-line method over the following estimated useful lives:

<u>Type of Asset</u>	<u>Life in Years</u>
Buildings and Structures	20 to 40 Years
Improvements Other Than Buildings	20 Years
Public Domain Infrastructure	15 to 50 Years
Water System Infrastructure	20 to 50 Years
Sanitary Sewer System Infrastructure	20 to 50 Years
Machinery and Equipment	5 to 20 Years

**CITY OF COVINA**  
**NOTES TO FINANCIAL STATEMENTS**  
**JUNE 30, 2024**

**NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**K. Capital Assets (Continued)**

Subscription-Based Information Technology Arrangements (SBITA) assets are initially measured as the sum of the present value of payments expected to be made during the subscription term, payments associated with the SBITA contract made to the SBITA vendor at the commencement of the subscription term, when applicable, and capitalizable implementation costs, less any SBITA vendor incentives received from the SBITA vendor at the commencement of the SBITA term. SBITA assets are amortized in a systematic and rational manner over the shorter of the subscription term or the useful life of the underlying IT assets.

**L. Leased Property**

Lessee

The City is a lessee for noncancellable leases of equipment. The City recognizes a lease liability and an intangible right-to-use lease asset (lease asset) in the applicable governmental activities or business-type activities in the government-wide and in the proprietary fund financial statements. The City recognizes lease liabilities with an initial individual value of \$5,000 or more. At the commencement of a lease, the City initially measures the lease liability at the present value of payments expected to be made during the lease term. Subsequently, the lease liability is reduced by the principal portion of lease payments made. The lease asset is initially measured as the initial amount of the lease liability, adjusted for lease payments made at or before the lease commencement date, plus certain initial direct costs. Subsequently, the lease asset is amortized on a straight-line basis over the shorter of the lease term or its useful life.

Lessor

The City recognizes a lease receivable and a deferred inflow of resources in the applicable governmental activities or business-type activities in the government-wide and in the governmental and proprietary fund financial statements. At the commencement of a lease, the City initially measures the lease receivable at the present value of payments expected to be received during the lease term. Subsequently, the lease receivable is reduced by the principal portion of lease payments received. The deferred inflow of resources is initially measured as the initial amount of the lease receivable, adjusted for lease payments received at or before the lease commencement date. Subsequently, the deferred inflow of resources is recognized as revenue over the life of the lease term.

For both the lessee and lessor the City uses the interest rate stated on the agreement when available. When the interest rate is not provided the City uses its estimated incremental borrowing rate as the discount rate.

**CITY OF COVINA**  
**NOTES TO FINANCIAL STATEMENTS**  
**JUNE 30, 2024**

**NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**M. Claims and Judgments**

The accrual for workers' compensation and general liability claims is based upon an actuarial review of the past experience which has been modified for current trends and information. While the ultimate amount of losses incurred through June 30, 2024 is dependent on future developments, based on information from the plan administrators, City management believes that the aggregate accrual is adequate to cover such losses, including amounts for incurred but not reported.

**N. Pensions**

For purposes of measuring the net pension liability and deferred outflows/inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the City's California Public Employees' Retirement System (CalPERS) plans (Plans) and additions to/deductions from the Plans' fiduciary net position have been determined on the same basis as they are reported by CalPERS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported as fair value. CalPERS audited financial statements are publicly available reports that can be obtained on the CalPERS's website under Forms and Publications.

**O. Other Postemployment Benefits (OPEB)**

For purposes of measuring the net OPEB liability and deferred outflows/inflows of resources related to OPEB, and OPEB expense, information about the fiduciary net position of the City's plan (OPEB Plan) and additions to/deductions from the Plans' fiduciary net position have been determined on the same basis. For this purpose, benefit payments are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

**P. Net Position**

Net position in the statement of net position is categorized as net investment in capital assets, restricted and unrestricted.

**Net Investment in Capital Assets.** This category groups all capital assets into one component of net position. Accumulated depreciation and the outstanding balances of debt (including discounts and premiums) that are attributable to the acquisition, construction, or improvement of these assets reduce the balance in this category.

**Restricted Net Position.** This category presents external restrictions imposed by creditors, grantors, contributors, or laws or regulations of other governments and restrictions imposed by law or enabling legislation.

**Unrestricted Net Position.** This category represents net position of the City not restricted for any project or other purpose.

**CITY OF COVINA  
NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2024**

**NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**Q. Deferred Outflows/Inflows of Resources**

In addition to assets, the statement of financial position includes a separate section for deferred outflows of resources. Deferred outflows of resources represent a consumption of net assets that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then. The category of deferred outflow of resources reported in the statement of net position is related to debt refunding, pensions, and other postemployment benefits. The deferred charge on refunding resulted from the difference between the carrying value of refunded debt and its reacquisition price. This amount is deferred and amortized over the shorter of the life of the refunded or refunding debt. Deferred outflows on pension and other postemployment benefits are more fully discussed in Notes 10 and 17.

In addition to liabilities, the statement of financial position and the governmental funds balance sheet includes a separate section for deferred inflows of resources. Deferred inflows of resources represent an acquisition of net assets or fund balance that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. In the government-wide financial statements. The City's deferred inflows of resources reported on the statement of net position relate to pension and other postemployment benefits, which are more fully discussed in Notes 10 and 17. The statement of net position and the governmental funds balance sheet also reports a deferred inflow of resources related to leases.

Under the modified accrual basis of accounting, deferred inflows of resources also include revenues not collected within the availability period after the fiscal year-end. The City has reported deferred inflows of resources related to unavailable revenues for grants. These amounts are deferred and will be recognized as an inflow of resources in the period that amounts become available.

**R. Adoption of New Accounting Standards**

During the year ended June 30, 2024, the City implemented GASB Statement No. 100 *Accounting Changes and Error Corrections – An Amendment to GASB Statement No. 62*, which defines accounting changes as changes in accounting principles, changes in accounting estimates, and changes to or within the financial reporting entity and describes the transactions or other events that constitute those changes. The Statement prescribes the accounting and financial reporting for each type of accounting change and for error corrections. Implementation of GASB Statement No. 100 did not have any direct impact on the presentation of the City's financial statements.

**NOTE 2 STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY**

**Excess of Charges over Appropriations**

For the fiscal year ended June 30, 2024, expenditures exceeded appropriations in the following programs:

	Budget	Actual	Variance with Final Budget
Other Governmental Funds:			
Special Revenue Funds:			
Air Quality Improvement	\$ 217,073	\$ 321,018	\$ (103,945)
Lighting Assessment	256,364	293,790	(37,426)
TDA Grant	37,574	37,872	(298)

Funds with deficit balances were as follows:

	Amount
Park Development Capital Projects Fund	\$ 384,364
Other Governmental Funds:	
Special Revenue Funds:	
Lighting Assessment	69,764
Other Grants	68,339
Capital Project Funds:	
Transportation	72,263

The deficit in these funds will be reduced by transfers from the general fund or from receipt of grant revenues.

**NOTE 3 CASH AND INVESTMENTS**

The City is following the requirements associated with GASB Statement No. 40, *Deposit and Investment Risk Disclosures*. More commonly referred to as GASB 40, this statement adds to and changes financial statement disclosure requirements for cash and investments of local governments. GASB 40 amends GASB Statement No. 3, *Deposits with Financial Institutions, Investments (including Repurchase Agreements), and Reverse Repurchase Agreements*, to address common deposit and investment risks related to credit risk, interest rate risk and foreign currency risk. As an element of interest rate risk, this statement requires certain disclosures of investments that have fair values with a high sensitivity to interest rate changes.

The table below identifies the investment types that are authorized for the City by the California Government Code and the City's investment policy. The table also identifies certain provisions of the California Government Code (or the City's investment policy, if more restrictive) that address interest rate risk, credit risk, and concentration of credit risk. This table does not address investments of debt proceeds held by bond trustees that are governed by the provisions of debt agreements of the City, rather than the general provisions of the California Government Code or the City's investment policy.

**Interest Rate Risk**

Interest rate risk is the risk that changes in market interest rates will adversely affect the fair value of an investment. Generally, the longer the maturity of an investment, the greater the sensitivity of its fair value to changes in market interest rates. One of the ways that the City manages its exposure to interest rate risk is by purchasing a combination of shorter term and longer-term investments and by timing cash flows from maturities so that a portion of the portfolio is maturing or coming close to maturity evenly over time as necessary to provide the cash flow and liquidity needed for operations.

Information about the sensitivity of the fair values of the City investments (including investments held by bond trustee) to market interest rate fluctuations is provided by the following table:

	Fair Value	12 Months or Less	13 to 36 Months	37 to 60 Months	More than 60 Months

**Credit Risk**

Generally, credit risk is the risk that an issuer of an investment will not fulfill its obligations to the holder of the investment. This is measured by the assignment of a rating by a nationally recognized statistical rating organization. Certain investments, such as obligations, which are backed by the full faith and credit of the United States Government, are exempt from credit rating disclosures. Presented below is the minimum rating required by (where applicable) the California Government Code, the City's investment policy or debt agreements, and the actual rating from Standard & Poor's as of fiscal year-end for each investment type:

Not Subject to Credit Risk						
Covina Irrigating Company	<u>7,974,208</u>					
Total Investments	<u>\$ 105,777,404</u>					

**Concentration of Credit Risk**

The investment policy of the City contains limitations on the amount that can be invested in any one issuer. There are no investments in any one issuer (other than U.S. Treasury securities, money market mutual funds, and external investment pools) that represent 5% or more of total City investments.

**Custodial Credit Risk**

Custodial credit risk for deposits is the risk that, in the event of the failure of a depository financial institution, a government will not be able to recover its deposits or will not be able to recover collateral securities that are in the possession of an outside party. The California Government Code and the City's investment policy do not contain legal or policy requirements that would limit the exposure to custodial credit risk for deposits or investments other than the following provision for deposits: The California Government Code requires that a financial institution secure deposit made by state or local governmental units by pledging securities in an undivided collateral pool held by a depository regulated under state law. The fair value of the pledged securities in the collateral pool must equal at least 110% of the total amount deposited by the public agencies. California law also allows financial institutions to secure City deposits by pledging first trust deed mortgage notes having a value of 150% of the secured public deposits.

As of June 30, 2024, all the City's deposits with financial institutions in excess of federal depository insurance limits were held in collateralized accounts.

**Investment in State Investment Pool**

The City is a voluntary participant in the Local Agency Investment Fund (LAIF) that is regulated by the California Government Code under the oversight of the Treasurer of the State of California. The fair value of the City's investment in this pool is reported in the accompanying financial statements at amounts based upon its pro rata share of the fair value provided by LAIF for the entire LAIF portfolio. The balance available for withdrawal is based on LAIF accounting records and recorded on an amortized basis.

**Investment in Covina Irrigating Company**

The Covina Irrigating Company (the Company) is a nonprofit mutual water company. The purpose of the Company is to develop, distribute, supply or deliver water at cost for irrigation and domestic uses of its stockholders. The governing board of directors consists of nine directors which are elected by the stockholders. The City's investment in the Company has been recorded on the equity method of accounting in the Water Utility Enterprise Fund. The City's equity share is 42.19%.

**Fair Value Measurements**

The City categorizes its fair value measurement within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the assets. Level 1 inputs are quoted prices in active markets for identical assets, Level 2 inputs are quoted prices for similar assets in active markets and Level 3 inputs are significant unobservable inputs.

The City pool investment has the following recurring fair value measurements as of June 30, 2024:

Investment by Fair Value Level	Fair Value	Fair Value Measurements Using		
		Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Input (Level 2)	Significant Unobservable Inputs (Level 3)

**NOTE 4 INTERFUND TRANSACTIONS**

**A. Interfund Balances**

Operating receivables between funds are classified as due from or due to other funds. Negative individual fund cash and investment balances are offset by a due from other funds in the General Fund with a due to other funds set up in those funds owing the General Fund. The following are due from and due to balances as of June 30, 2024:

Receivable Fund	Payable Fund	Amount
General	Other Governmental Funds	\$ 236,494

Advance

Advances were made to the Theater Enterprise Fund from the Sewer Enterprise Fund during fiscal year 2022-2023. The advance was used to assist in the purchase of the performing arts center. Interest on the outstanding balance on advances payable is charged at an annual rate of 1.57%. Payments started in December 2023 and the advance will mature in December 2042. At June 30, 2024, the outstanding balance was \$2,631,892.

Interfund Transfers

Transfers between funds are generally subsidies from one fund to another fund, funding of workers compensation and general liability reserves. The following are the interfund transfers for fiscal year ended June 30, 2024.

Transfers In Fund	Transfers Out Fund	Amount
General	Other Governmental Funds	\$ 300,000
Other Governmental Funds	General	396,993
Park Development	General	1,762,161
Other Enterprise Funds	General	245,564

Internal Service	General	1,423,987
Internal Service	Other Governmental Funds	246,315
Internal Service	Other Enterprise Funds	8,474
Total		\$ 4,604,990

**B. Internal Balances**

Internal balances represent the net interfund receivables and payables remaining after elimination of all such balances within governmental and business-type activities.

**NOTE 5 LEASE RECEIVABLE**

The City, acting as lessor, leases wireless cell towers and land under long-term, noncancelable lease agreements. The leases expire at various dates through 2029 and do not provide for renewal options. During the year ended June 30, 2024, the City recognized \$355,301 and \$28,678 in lease revenue and interest revenue, respectively, pursuant to these contracts.

**CITY OF COVINA**  
**NOTES TO FINANCIAL STATEMENTS**  
**JUNE 30, 2024**

**NOTE 6 PROPERTY TAXES**

Property taxes are attached as an enforceable lien on property as of January 1. Taxes are levied in September and are payable in two installments on November 1 and February 1 and are delinquent after December 10 and April 10, respectively. Any unpaid amounts at the end of the fiscal year are recorded as property taxes receivable. The County of Los Angeles bills and collects the property taxes and subsequently remits the amount due to the City of Covina in installments during the year. Historically, the City has received substantially all of the taxes levied within two years from the date they are levied.

The County is permitted by State Law (Article XIII A of the California Constitution) to levy taxes at 1% of full market value (at time of purchase) and can increase the property's value no more than 2% per year. The City receives a share of this basic levy proportionate to what it received in the 1976 to 1978 period.

**NOTE 7 NOTES RECEIVABLE**

The former Agency entered into agreement with Covina Gardens, KBS, L.P., a California Limited Partnership (Developer) to effectuate the Redevelopment Plan for the Covina Revitalization Project No. 1 by providing for the rehabilitation of residential rental housing development existing on a site acquired by the Developer which will maintain the supply and availability of low- and moderate-income housing, including very low-income units. The former Agency provided assistance to the Developer in the form of notes secured by a second deed of trust in the amount not to exceed \$4,742,000. The interest rate range is 2% per year, and notes receivable are due in 55 years. At June 30, 2024, the City has recorded an allowance for the balance of \$5,350,915 for principal of \$4,742,000 and accrued interest of \$608,915 as management is not certain if this amount will be collected.

**NOTE 8 LOANS RECEIVABLE**

The City's Community Development Block Grant (CDBG) program provides low-income housing and economic assistance to qualifying households and businesses. The loans do not require monthly repayment. In addition to CDBG loans, first-time homebuyer loans made by the former Covina Redevelopment Agency are now administered by the Housing Authority. The loans for the first-time homebuyer and for down payment assistance bear interest from 1.5% to 6.875%. The first-time home buyer loans are forgiven after 45 consecutive years of occupying the home purchased, while the down payment assistance is forgiven after 20 years of occupying the home purchased. The housing rehabilitation program loan is secured by a deed of trust on the property and is due upon sale or transfer of the title of the property. The outstanding balance as of June 30, 2024, of all loans was \$1,815,737. Due to the forgiveness feature of these loans the City has established an allowance for uncollectible loans in the amount of \$1,537,215.

**A. General Information about the Pension Plans**

Plan Descriptions

All qualified permanent and probationary employees are eligible to participate in the City's Safety (police) cost sharing defined benefit plan and the Miscellaneous (all other) Plan, agent multiemployer defined benefit pension plans administered by the California Public Employees' Retirement System (CalPERS), which acts as a common investment and administrative agent for its participating member employers. Benefit provisions under the Plans are established by State statute and City resolution. CalPERS issues publicly available reports that include a full description of the pension plans regarding benefit provisions, assumptions and membership information that can be found on the CalPERS website.

Benefits Provided

CalPERS provides service retirement and disability benefits, annual cost of living adjustments and death benefits to plan members, who must be public employees and beneficiaries. Benefits are based on years of credited service, equal to one year of full-time employment. Members with five years of total service are eligible to retire at age 50 to 62 with statutorily reduced benefits. For employees hired into a plan with the 1.5% at 65 formula, eligibility for service retirement is age 55 with at least five years of service. PEPRA miscellaneous members become eligible for service retirement upon attainment of age 52 with at least five years of service. All members are eligible for nonduty disability benefits after five years of service. The death benefit is one of the following: the Basic Death Benefit, the 1957 Survivor Benefit or the Optional Settlement 2W Death Benefit. Safety members can receive a special death benefit if the member dies while actively employed and the death is job related. The cost-of-living adjustments for each plan are applied as specified by the Public Employees' Retirement Law.

**NOTE 10 PENSION PLANS (CONTINUED)**

**A. General Information about the Pension Plans (Continued)**

Contributions

Section 20814 of the California Public Employees' Retirement Law requires that the employer contribution rates for all public employers are determined on an annual basis by the actuary and shall be effective on the July 1 following notice of a change in the rate. The total plan contributions are determined through CalPERS's annual actuarial valuation process. The actuarially determined rate is the estimated amount necessary to finance the costs of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability. The City is required to contribute the difference between the actuarially determined rate and the contribution rate of employees. City contribution rates may change if plan contracts are amended. Payments made by the employer to satisfy contribution requirements that are identified by the pension plan terms as plan member contributions requirements are classified as plan member contributions. For the fiscal year ended June 30, 2024, employer contributions of \$1,093,602 and \$1,734,540 were made for the miscellaneous and safety plans, respectively.

**B. Net Pension Liability**

The City's net pension liability for each Plan is measured as the total pension liability, less the pension plan's fiduciary net position. The net pension liability of each of the Plans is measured as of June 30, 2023, using an annual actuarial valuation as of June 30, 2022 rolled forward to June 30, 2023 using standard update procedures. A summary of principal assumptions and methods used to determine the net pension liability is shown on the following page.

Actuarial Assumptions

The total pension liabilities in the June 30, 2022 actuarial valuations were determined using the following actuarial assumptions:

	<u>Miscellaneous</u>	<u>Safety</u>
Valuation Date	June 30, 2022	June 30, 2022
Measurement Date	June 30, 2023	June 30, 2023

Inflation	2.30%	2.30%
Projected Salary Increase	(1)	(1)
Mortality Rate Table	(2)	(2)
Postretirement Benefit Increase	(3)	(3)

(1) Varies by entry age and service.

(2) The mortality table used was developed based on CalPERS-specific data. The probabilities of mortality are based on the 2021 CalPERS Experience Study for the period from 2001 to 2019. Pre-retirement and Post-retirement mortality rates include generational mortality improvement using 80% of Scale MP-2020 published by the Society of Actuaries. For more details on this table, please refer to the CalPERS Experience Study and Review of Actuarial Assumptions report from November 2021 that can be found on the CalPERS website.

(3) The less of contract COLA or 2.30% until Purchasing Power Protection Allowance Floor on purchasing power applies, 2.30% thereafter.

Long-Term Expected Rate of Return

The long-term expected rate of return on pension plan investments was determined using a building-block method in which expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class.

**CITY OF COVINA  
NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2024**

**NOTE 10 PENSION PLANS (CONTINUED)**

**B. Net Pension Liability (Continued)**

Long-Term Expected Rate of Return (Continued)

In determining the long-term expected rate of return, CalPERS took into account both short-term and long-term market return expectations as well as the expected pension fund cash flows. Using historical returns of all the funds' asset classes, expected compound (geometric) returns were calculated over the short-term (first 10 years) and the long-term (11+ years) using a building-block approach. Using the expected nominal returns for both short term and long term, the present value of benefits was calculated for each fund. The expected rate of return was set by calculating the rounded single equivalent expected return that arrived at the same present value of benefits for cash flows as the one calculated using both short-term and long-term returns. The expected rate of return was then set equal to the single equivalent rate calculated above and adjusted to account for assumed administrative expenses.

The expected real rates of return by assets class are as follows:

<u>Leverage</u>	<u>Assumed Asset Allocation</u>	<u>Real Return (a) (b)</u>
Global Equity - Cap-Weighted	30.00 %	4.45 %
Global Equity - Non-Cap-weighted	12.00	3.84
Private Equity	13.00	7.28
Treasury	5.00	0.27
Mortgage-Backed Securities	5.00	0.50
Investment Grade Corporates	10.00	1.56
High Yield	5.00	2.27
Emerging Market Debt	5.00	2.48
Private Debt	5.00	3.57
Real Assets	15.00	3.21
Leverage	<u>(5.00)</u>	<u>(0.59)</u>
Total	<u>100.00 %</u>	

(a) An expected inflation of 2.30% used for this period.

(b) Figures are based on the 2021 Asset Liability Management study.

Discount Rate

The discount rate used to measure the total pension liability was 6.9%. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current member contribution rates and that contributions from employers will be made at statutorily required rates, actuarially determined. Based on those assumptions, the Plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

**Proportionate Share of Net Pension Liability Safety Plan**

As of June 30, 2024 (measurement date of June 30, 2023), the City reported \$18,208,795 for its proportionate share of the net pension liability for the Safety Plan.

The City's net pension liability for the Safety Plan is measured as the proportionate share of the net pension liability. The net pension liability of the Plan is measured as of June 30, 2023, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of June 30, 2022 rolled forward to June 30, 2023 using standard update procedures. The City's proportionate share of the net pension liability was based on a projection of the City's long-term share of contributions to the pension plans relative to the projected contributions of all participating employers, actuarially determined.

**Workers' Compensation and General Liability**

The City has a program of insurance for any liability to City employees arising under the workers' compensation laws for the State of California. By this action, the City will pay all claims up to \$500,000. Amounts in excess of \$500,000, up to \$150,000,000, are covered through an excess commercial insurer. There are no claims that exceed insurance coverage over the last three years.

The City established general liability and workers' compensation internal service funds. The funds have cash and investments of \$4,282,950 and \$7,612,015, respectively.

Actual settlements accrued are accounted for in the appropriate fund. Estimates for all remaining outstanding claims, including an estimate for incurred but not reported claims (IBNR), are not accounted for in the individual funds but are reported in the governmental activities of the government-wide statements under claims and judgements. At June 30, 2024, total actual and estimated claims and judgments payable were as follows:

Revenue Bonds Payable, Sewer Enterprise Fund

Wastewater Sewer Revenue Bonds – 2019 Taxable Wastewater Revenue Refunding Bonds

In August 2020, the City, issued \$9,930,000 2019 Taxable Wastewater Revenue Refunding Bonds (2019 Bonds) for the purpose of refunding the Sewer Revenue Bonds issued in 2009 and paying issuance costs related to the 2019 Bonds. Proceeds from the 2019 Bonds and reserve funds from the 2009 Bonds were deposited in a redemption fund to redeem the outstanding amount of \$10,740,000 2009 Bonds on October 1, 2019.

Interest on the 2019 Bonds is payable semi-annually on October 1 and April 1 of year at rates ranging from 1.966% to 2.686% with principal payable October 1 commencing October 1, 2019. The 2019 Bonds are not subject to optional redemption prior to their stated maturities. A reserve fund has not been established for the 2019 Bonds.

The bonds are secured by a pledge of the net revenues received by the City for the sewer fees. Net Revenues will be equal to 120% of the fiscal year debt service if there is a transfer from a rate stabilization fund. Net revenues without the inclusion of a transfer from the rate stabilization fund will be at least equal to 100% of the fiscal year debt service requirement. Total principal and interest remaining to be paid on the bonds is \$6,096,507. **NOTE 14 FUND BALANCES**

As prescribed by GASB Statement No. 54, governmental funds report fund balance in classifications based primarily on the extent to which the City is bound to honor constraints on the specific Purposes for which amounts in the funds can be spent. As of June 30, 2024, fund balances for governmental funds are made up of the following:

**Nonspendable Fund Balance.** Nonspendable fund balance includes amounts that are (a) not in spendable form, or (b) legally or contractually required to be maintained intact. The not in spendable form criterion includes items that are not expected to be converted to cash (for example, inventories, prepaid amounts and due from successor agency in the General Fund).

**CITY OF COVINA  
NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2024**

**NOTE 14 FUND BALANCES (CONTINUED)**

**Restricted Fund Balance.** Restricted fund balance includes amounts that can be spent only for the specific purposes stipulated by external resource providers, constitutionally or through enabling legislation. Restrictions may effectively be changed or lifted only with the consent of resource providers.

**Committed Fund Balance.** Committed fund balance includes amounts that can only be used for the specific purposes determined by a formal action of the City's highest level of decision-making authority, the City Council. Commitments may be changed or lifted only by the City Council taking the same formal action that imposed the constraint originally (for example: resolution and ordinance). Ordinance is the highest level of the City Council's approval.

**Assigned Fund Balance.** Assigned fund balance comprises amounts intended to be used by the City for specific purposes that are neither restricted nor committed. *Intent* is expressed by (a) the City Council or (b) a body (for example: a budget or finance committee) or official to which the City Council has delegated through its fund balance policy the authority to assign amounts to be used for specific purposes. Assigned amounts also include all residual amounts in governmental funds (except negative amounts) other than the General Fund, that are not classified as nonspendable, restricted, or committed.

**Unassigned Fund Balance.** Unassigned fund Balance is the residual classification for the General Fund and includes all amounts not contained in the other classifications. Unassigned amounts are technically available for any purpose.

In circumstances when an expenditure is made for a purpose for which amounts are available in multiple fund balance classifications, fund balance is depleted in the order of restricted, committed, assigned and unassigned.

The City Council adopted a Reserve Policy. The policy aims to help reduce the negative impact on the City in times of economic uncertainty and potential losses of funding from other governmental agencies. City reserves are restricted for one-time purposes. The policy establishes minimum requirements for General Fund nondepartmental reserves and provides guidelines for the use of these funds.

**NOTE 16 OTHER POSTEMPLOYMENT BENEFITS (OPEB)**

**A. General Information about the OPEB Plan**

Plan Description

The City provides retiree medical benefits under the CalPERS health plan which provides medical insurance benefits to eligible retirees and their spouses in accordance with various labor agreements. This plan is a single employer defined benefit plan and does not issue separate financial statements. Copies of the CalPERS's annual financial report may be obtained from the CalPERS Executive Office, 400 P Street, Sacramento, CA 95814. Eligible employees that do not participate in the CalPERS health plan are eligible to receive monthly payments from the City. These benefits are accounted for under the OPEB liability.

Eligibility

Employees are eligible for retiree health benefits if they retire from the City on or after age 50 (unless disabled) and are eligible for a PERS pension. The benefits are available only to employees who retire from the City. Membership of the plan consisted of the following at the June 30, 2023 measurement date:

Active Plan Members	173
Inactive Employees or Beneficiaries Currently Receiving Benefit Payments	<u>146</u>
Total	<u><u>319</u></u>

Contributions

The contribution requirements of plan members and the City are established and may be amended by the City and the City Council. The City must agree to make a defined monthly payment toward the cost of each retiree's overage. For fiscal year 2024, \$444,595 was contributed as insurance premiums, \$200,000 to the trust, and an implicit subsidy \$104,613 totaling \$749,208.

**B. Net OPEB Liability**

The City's net OPEB liability was measured as of June 30, 2023, and the total OPEB liability used to calculate the net OPEB liability was determined by an actuarial valuation as of June 30, 2023.

Actuarial Assumptions

The total OPEB liability in the June 30, 2022 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement, unless otherwise specified. The actuarial assumptions were based on a review of plan experience during the period July 1, 2020 to June 30, 2022.

Valuation Date	June 30, 2022
Funding Method	Entry-age normal cost, level percent of pay
Discount Rate	4.30%
Investment Rate of Return	4.50% per year net of expenses
Inflation	2.75%
Aggregate Payroll Increases	2.75%
Mortality Rate - Miscellaneous	Preretirement Mortality Rates for Public Agency Miscellaneous from 2021 CalPERS Experience Study. Postretirement Mortality Rates for Public Agency Miscellaneous from 2021 CalPERS Experience Study.
Mortality Rate - Safety	Preretirement Mortality Rates for Public Agency Police and Fire from 2021 CalPERS Experience Study. Postretirement Mortality Rates for Public Agency Police and Fire from 2021 CalPERS Experience Study. 6.00% for 2023, 5.50% for 2024, 5.25% for 2025-2029, 5.00% for 2030-2039, 4.75% for 2040- 2049, 4.50% for 2050-2069, and 4.00% for 2070 and later years; Medicare ages: 4.50% for 2023-2029 and 4.00% for 2030 and later years.
Healthcare Trend Rate	

Long-Term Expected Rate of Return

The long-term expected rate of return on OPEB plan investments was determined using a building block method in which expected future real rates of return (expected returns, net of investment expense and inflation) are developed for each major asset class. The calculated investment rate of return was set equal to the expected ten-year compound (geometric) real rate of return plus inflation (rounded to the nearest 25 basis point where appropriate).

The table below reflects the long-term expected real rate of return by asset class (based on published capital market assumptions).

Asset Class	Assumed Asset Allocation	Real Rate of Return
Broad U.S. Equity	20 %	4.40 %
U.S. Fixed	75	1.80
Cash Equivalents	5	0.20
Total	<u>100 %</u>

**B. Net OPEB Liability (Continued)**

Discount Rate

GASB 75 generally requires that a blended discount rate be used to measure the Total OPEB Liability. The long-term expected return on plan investments may be used to discount liabilities to the extent that the plan's Fiduciary Net Position (fair market value of assets) is projected to cover benefit payments and administrative expenses. A 20-year high quality (AA/Aa or higher) municipal bond rate must be used for periods where the Fiduciary Net Position is not projected to cover benefit payments and administrative expenses. Determining the discount rate under GASB 75 will often require that the actuary perform complex projections of future benefit payments and asset values. This has resulted in a blended discount rate of 4.30%, which takes into account the long-term expected rate of return of 4.5% and the Bond Buyer 20-Bond GO Index municipal bond rate of 3.86%.

Change in Assumptions

The discount rate was changed from 4.28% to 4.30%.

**C. Change in the Net OPEB Liability**

The changes in the net OPEB liability are as follows:

**C. Change in the Net OPEB Liability (Continued)**

Sensitivity of the Net OPEB Liability to Changes in the Discount Rate

The following presents the net OPEB liability of the City, as well as what the City's net OPEB liability would be if it were calculated using a discount rate that is 1-percentage-point lower (3.30%) or 1-percentage-point higher (5.30%) than the current discount rate:

	Discount Rate -1%	Current Discount Rate	Discount Rate +1%
Net OPEB Liability (Asset)	\$ 7,372,611	\$ 6,501,030	\$ 5,771,216

The following presents the net OPEB liability of the City, as well as what the City's net OPEB liability would be if it were calculated using a healthcare cost trend rate that is one percentage point lower or one percentage point higher than the current discount rate:

	1% Decrease	Current Trend	1% Increase
Net OPEB Liability	\$ 5,905,972	\$ 6,501,030	\$ 7,258,278

Subsequent Events

There were no subsequent events that would materially affect the results presented in this disclosure.

**D. OPEB Expense and Deferred Outflows/Inflows of Resources Related to OPEB**

For the year ended June 30, 2024, the City recognized OPEB expense of \$669,472. At June 30, 2024, the City reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
OPEB Contributions Subsequent to Measurement Date	\$ 749,208	\$ -
Differences Between Actual and Expected Experience	915,874	(100,707)
Change in Assumptions	209,809	(749,935)
Net Differences Between Projected and Actual Earnings	116,294	-
Total	\$ 1,991,185	\$ (850,642)

The change in assumptions and differences between actual and expected experience are amortized over the expected average remaining service life. The expected average remaining service life for the 2023 measurement period is 7.3 years.

**D. OPEB Expense and Deferred Outflows/Inflows of Resources Related to OPEB  
(Continued)**

\$749,208 reported as deferred outflows of resources related to contributions subsequent to the measurement date will be recognized as a reduction of the net OPEB liability in the year ending June 30, 2025. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized as OPEB expense as follows:

<u>Year Ending June 30,</u>	<u>Amount</u>
2025	\$ 156,235
2026	91,634
2027	72,982
2028	34,945

Thereafter	15,686

**E. Payable to the OPEB Plan**

At June 30, 2024, the City had no outstanding amount of contributions to the OPEB plan required for the year ended June 30, 2024.

**F. GASB 74**

For the measurement date June 30, 2024, as prescribed by GASB 74, the Total OPEB liability is \$7,524,677, the OPEB plan fiduciary net position is \$1,394,677 and the Net OPEB liability is \$6,130,002.

**NOTE 17 RELATED PARTY TRANSACTIONS**

The City entered into an agreement with Covina Irrigating Company (CIC) for the pumping, treating, and delivering the water to City reservoirs. During the fiscal year, the City paid \$3,179,310 to the Covina Irrigating Company for the services of pumping, treating and delivery of water.

**NOTE 18 ENCUMBRANCES**

The City uses encumbrances to control expenditure commitments for the year and to enhance cash management. Encumbrances represent commitments related to contracts not yet performed and purchase orders not yet filled (executory contracts; and open purchase orders). Commitments for such expenditure of monies are encumbered to reserve a portion of applicable appropriations. Encumbrances still open at year-end are not accounted for as expenditures and liabilities but, rather, as restricted or assigned governmental fund balance.

Tax Allocation Revenue Refunding Bonds of 2013, Series E

On December 24, 2013, the Successor Agency of the former Covina Redevelopment Agency issued (through the County of Los Angeles Redevelopment Refunding Authority) 2013E Tax Allocation Revenue Refunding Bonds in the amount of \$12,151,600. The purpose of the issue was to refund and defease the 1997 B Revenue Bonds and 2002 A Revenue Bonds plus accreted interest thereon. The proceeds from this issue plus any reserve funds remaining for the 1997 B and 2002 A bonds was used to fund an escrow account which were used to redeem the 1997 B and 2002 A bonds on January 22, 2014. The redemption price was equal to 100% of the 1997 B and 101% of the accreted value of the 2002 E.

The 2013 bonds are issued as \$9,460,000 in serial bonds with a maturity date of December 1, 2023. These bonds carry interest at 3-5%. Also issued was \$1,756,600 in Capital Appreciation Bonds with final maturity of December 1, 2020. Interest rates are 3.5-4%.

The bonds are secured by tax revenues generated within the project area and as allocated for the payment of the debt by the County of Los Angeles per recognized obligation schedule.

The outstanding principal balance of the bonds were paid off during fiscal year 2023-2024.

Tax Allocation Revenue Refunding Bonds of 2014, Series E

On December 17, 2014, the Successor Agency of the former Covina Redevelopment Agency issued (through the County of Los Angeles Redevelopment Refunding Authority) 2014A Tax Allocation Revenue Refunding Bonds in the amount of \$6,985,000. The purpose of the issue was to refund and defease the 1997 A Revenue Bonds and 2004 A Revenue Bonds. The proceeds from this issue plus any reserve funds remaining for the 1997 A and 2004 A bonds was used to fund an escrow account which was used to redeem the 1997 A and 2004 A bonds on January 8, 2015. The redemption price was equal to 100% of the 1997 A Revenue Bonds 2004 A Revenue Bonds.

The 2014 bonds were issued as \$6,985,000 in serial bonds with a maturity date of December 15, 2023. These bonds carry interest at 2-5%.

The outstanding principal balance of the bonds were paid off during fiscal year 2023-2024.

Notes to Schedule:

Benefit Changes:

There were no changes in benefits.

Changes in Assumptions:

From fiscal year June 30, 2015 to June 30, 2016: GASB 68, paragraph 68 states that the long-term expected rate of return should be determined net of pension plan investment expense but without reduction for pension plan administrative expense. The discount rate of 7.50% used for the June 30, 2014 measurement date was net of administrative expenses. The discount rate of 7.65% used for the June 30, 2015 measurement date is without reduction of pension plan administrative expense.

From fiscal year June 30, 2016 to June 30, 2017: There were no changes in assumptions.

From fiscal year June 30, 2017 to June 30, 2018: The discount rate was reduced from 7.65% to 7.15%.

From fiscal year June 30, 2018 to June 30, 2022: There were no significant changes in assumptions.

From fiscal year June 30, 2022 to June 30, 2023: The discount rate and long-term rate of return decreased from 7.15% to 6.90% and the inflation rate decreased from 2.50% to 2.30%.

From fiscal year June 30, 2023 to June 30, 2024: There were no significant changes in assumptions.

Benefit Changes:

There were no changes in benefits.

Changes in Assumptions:

From fiscal year June 30, 2015 to June 30, 2016: GASB 68, paragraph 68 states that the long-term expected rate of return should be determined net of pension plan investment expense but without reduction for pension plan administrative expense. The discount rate of 7.50% used for the June 30, 2014 measurement date was net of administrative expenses. The discount rate of 7.65% used for the June 30, 2015 measurement date is without reduction of pension plan administrative expense.

From fiscal year June 30, 2016 to June 30, 2017: There were no changes in assumptions.

From fiscal year June 30, 2017 to June 30, 2018: The discount rate was reduced from 7.65% to 7.15%.

From fiscal year June 30, 2018 to June 30, 2022: There were no significant changes in assumptions.

From fiscal year June 30, 2022 to June 30, 2023: The discount rate and long-term rate of return decreased from 7.15% to 6.90% and the inflation rate decreased from 2.50% to 2.30%.

From fiscal year June 30, 2023 to June 30, 2024: There were no significant changes in assumptions.

**CITY OF COVINA  
NOTE TO REQUIRED SUPPLEMENTARY INFORMATION  
JUNE 30, 2024**

**NOTE 1 STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY**

**A. Budgetary Information**

The City follows these procedures in establishing the budgetary data reflected in the financial statements:

1. City departments submit budget and service requests to the City Manager. The City Manager prepares a recommended budget to be presented to the City Council.
2. The annual budget is adopted by the City Council on or before June 30 of each fiscal year after holding public hearings to receive input for the general operation of the City. The operating budget includes proposed expenditures and the means of financing them.
3. The appropriated budget is prepared by fund, program and activity. Departments may make appropriation transfers within activities. The City Manager is authorized to make appropriation transfers between activities within funds excluding the contingency appropriation. The City Council approves total budgeted appropriations and any amendments between funds and the use of contingency appropriation. This appropriated budget covers City expenditures in all governmental funds. Actual expenditures may not exceed budgeted appropriations at the fund level. Budget figures used in the accompanying financial statements are the original budget including prior year carryovers and the final budget including current year amendments.
4. Formal budgetary integration is employed as a management control device during the year. Commitments for materials and services, such as purchase orders and contracts, are recorded as encumbrances to assist in controlling expenditures. Encumbrances at year-end lapse, and then are added to the following year's budgeted appropriations.
5. Annual budgets for governmental funds are adopted on a basis consistent with accounting principles generally accepted in the United States of America. Accordingly, actual revenues and expenditures can be compared with related budgeted amounts without any significant reconciling items other than the American Rescue Plan Act (ARPA) Fund which did not have an adopted budget. No budgetary comparisons are presented for the proprietary funds, as the City is not legally required to adopt budgets for this fund type.
6. Appropriation for capital projects and certain grants and contributions authorized but not constructed or completed during the year lapse at year-end, and then are included as part of appropriations in the following years' annual budget.
7. Under Article XIII B of the California Constitution (the Gann Spending Limitation), the City is restricted as to the amount of annual appropriations from proceeds of taxes, and if proceeds of taxes exceed allowed appropriations, the excess must either be refunded to the State Controller or returned to the taxpayers through revised tax rates, revised fee schedules or other refund arrangements.

## **SUPPLEMENTARY INFORMATION**

**CITY OF COVINA  
OTHER GOVERNMENTAL FUNDS  
NONMAJOR GOVERNMENTAL FUNDS**

Special revenue funds account for revenues derived from specific taxes or other earmarked revenue sources. They are usually required by statute or local ordinance and /or resolution to finance particular functions, or activities. Non-major special revenue governmental funds of the City are as follows:

Community Development Block Grant Fund is a special revenue fund that accounts for the funding from the Department of Housing and Urban Development (HUD) in the form of a Community Block Grant (CDBG) program. The program has specific federal guidelines and all CDBG fund expenditures are monitored for compliance with both federally mandated rules and regulations and County of Los Angeles regulations.

Proposition A Transit Fund accounts for the receipts of the City's share of the 1/2 cent sales tax levied in Los Angeles County for local transit uses.

Law Enforcement Fund accounts for federal and state local law enforcement grants and subventions to finance certain police activities.

Narcotic Seizure Fund accounts for receipts and disbursements associated with the federal, state and local narcotic seizure programs.

State Gas Tax Fund accounts for money apportioned by state statutes of the State of California to provide financing for street maintenance and improvements.

Proposition C Local Return Fund accounts for financial activities for the City's share of Proposition C monies; designated for transportation related activities.

Air Quality Improvement Fund accounts for the motor vehicle fee for air and environmental improvements.

Municipal Parking District Fund accounts for receipts and expenditures for electricity, lot maintenance and engineering services in the various municipal parking lots.

Lighting Assessment District Fund accounts for special assessment collections from benefited properties for street lighting energy and maintenance.

Landscaping Assessment District Fund accounts for special assessment collections from benefited properties for landscape maintenance activities.

Community Facilities District Fund accounts for special assessment collections from benefited properties for community facilities maintenance activities.

Shoppers Lane Parking District Fund accounts for certain business tax registrations to finance parking maintenance and improvements in Shoppers Lane.

Measure M Fund accounts for monies received from Measure M allocation, which can be used to major street resurfacing, rehabilitation and reconstruction; pothole repair; left turn signals; bikeway; pedestrian improvements; streetscapes; signal synchronizations; and transit operations.

**CITY OF COVINA  
OTHER GOVERNMENTAL FUNDS  
NONMAJOR GOVERNMENTAL FUNDS (CONTINUED)**

TDA Grant Fund accounts for monies received from the California State Transit Development Act of 1971 on a per capita basis to California cities for transit and non-transit related purposes that comply with regional transition plans, which can be used for construction of pedestrian and bicycle facilities.

Road Maintenance and Rehabilitation Act Fund accounts for the deferred maintenance on the state highway system and the local street and road system.

PEG access Television Fund accounts for the fees received from the cable operators for administration and improvement to any public, educational, and government access television.

Housing Authority Fund administers the housing assets, liabilities, duties, and obligations related to the housing activities retained by the City following the dissolution of the Covina Redevelopment Agency. This fund receives the majority of its revenues from collections and interest on loans.

Measure R Fund accounts for monies received from Measure R allocation, which can be used for major street resurfacing, rehabilitation and reconstruction; pothole repair; left turn signals; bikeway; pedestrian improvements; streetscapes; signal synchronizations; and transit operations.

Other Grants Fund accounts for the various state grant monies for various programs of the City.

Capital projects funds are used to finance and account for the acquisition and construction of major capital facilities other than those financed by other governmental type and proprietary funds. Nonmajor capital projects governmental funds of the City are as follows:

General Capital Fund accounts for major infrastructure and general improvements not accounted for in other governmental and proprietary funds.

Covina Revitalization Projects Fund accounts for the proceeds from the issuance of 2004 Taxable Tax Allocation Bonds used for the Covina Revitalization Project No. One project cost.

Transportation Fund accounts for monies used for various Public Works Capital Improvement Projects.

INTERNAL SERVICES FUNDS  
JUNE 30, 2024**

The internal service funds are used to account for the financing of goods or services provided by one department or agency to other departments or agencies of the government and to other government units, on a cost reimbursement basis. Generally accepted accounting principles (GAAP) requires statement of net position items, and revenues and expenses of individual internal service funds be consolidated with the government-wide statement of net position and activities. GAAP still requires internal service funds to be presented in the financial statements.

The following are the individual internal service funds of the City:

Management Information Systems Fund accounts for the accumulation and allocation of costs associated with data processing and electronic information technology.

Central Equipment Fund accounts for the rental of motor vehicles to other departments and related costs.

Workers' Compensation Fund accounts for worker's compensation to other departments.

General Liability Fund accounts for general liability charges to other departments and related costs.

Building Maintenance Fund accounts for all maintenance and improvement activities for all City facilities with the exception of the Police Department.
