Director's Message

Greetings Covina Families!

I hope you are all enjoying the beautiful Spring weather, as we begin to look forward to Summer! This is always a busy, crazy, fun-filled time of year in the field of Parks & Recreation and Library Services. The team has worked hard on planning an awesome schedule of programs, activities, and events for everyone in our community!

We are so excited to partner with Premier Aquatics this Summer to offer high quality swim lessons, a swim team program, recreational swimming and lap swimming. Premier brings an exceptional level of professionalism and a strong focus on safety to provide top-notch Aquatics programs. They create a positive learning environment to help swimmers progress at a faster pace while developing a love for the water!

Summer is also a special time at our Library! The Summer Reading Program is a wonderful way to keep kiddos reading during their time away from school, and also gives grown-ups an incentive to read as well! Set goals, log hours, and have the opportunity to win cool prizes – sounds good to me! We have a kick-off event and end of Summer party to add to the celebration of reading! Rec & Read Covina! will also be out and about with a new schedule beginning in June. They will even be at Covina Park during the Summer Concerts and Kids Night Events, which by the way, has an amazing line-up! Come out and enjoy some of your favorite bands, family-friendly movies, and our very own Covina Concert Band.

The Summer Day Camp program is another great way to keep kids actively engaged, off the couch and away from electronics! Whether you register for one week or all ten, kids are sure to have a great time playing games, doing arts & crafts, going on field trips, and much more!

Also check out the huge variety of day trips, sports, classes, and enrichment camps for all ages. There are just so many ways to fill those long Summer days. For our community members in the 55+ category, enjoying the activities at the Senior and Community Center will keep you feeling young! Dances, movies, classes, special events, seminars, and lunch are just a few examples of what is happening in our vibrant center.

So, whether you are looking forward to being more active this Summer, learning something new, or enjoying more relaxation time, the Parks & Recreation and Library Services Department is here to help! Our goal is to continue to provide opportunities for all our residents to enhance their lives and improve their health and well-being. In our busy lives, we often forget to take a little time each day to do something that simply makes us happy, that makes us smile and laugh. I hope you find something this Summer that makes you do that!

We always welcome your input, thoughts, and opinions, so please don't ever hesitate to reach out to us at parksandrecreation@covinaca.gov or (626) 384-5340.

Warmest regards,

Lisa Evans

Welcome Aboard Premier Aquatics!

The City of Covina is excited to partner with Premier Aquatics, a top-tier Pool Management and Lifeguard Services company, to run the 2025 Summer Swimming Program. Premier Aquatics is taking on the role of the new aquatics team, bringing expertise in water safety, facility management, and customer service to the Michael D. Antonovich Aquatic Center at Covina Park. Join us in welcoming this wonderful new approach to teaching this valuable lifesaving skill to our community!

Why Premier Swim Academy?

The answer is simple ... because we not only love what we do, but we live it as well. The roots of our program come from people who have countless hours in, on and around water. We believe that learning to swim is the most important skill we can give our community. Drowning is the #1 cause of death in children 4 and under and we want to put a stop to this statistic. We do this through our child-centric approach to learning to swim. Our commitment is that both you and your children will love coming to swim each week at Premier Swim Academy and that each and every week, your swimmer will progress and learn new skills. No more months of lessons without any progress. We stand by our methodology and know you will see a difference between our approach and others.

GROUP LESSONS

Ages 3-12

Academy Kids is our core lesson program at Premier Swim Academy. Although they might not be right for all learners, we firmly believe that Group Swim Lessons offer the correct balance of social opportunity, instructional engagement, and physical development for new and former swimmers. Academy Kids climb through our Premier level system, which builds on the fundamentals of safety and leads to competent and competitive strokes to prepare swimmers for future aquatic settings. Lessons are 30 minutes.

FAST TRACK WEEKDAY GROUP LESSONS

Academy 1 swimmers will learn to put their face in the water on their own and glide to an instructor unassisted.

The Perfect Candidate: My child is brand new to swimming. No prior experience required.

To Advance to Academy 2: Swimmer must be comfortable putting face in the water. Swimmers will need to glide independently 5-7 ft, roll from their glide to float on their back independently for 10 seconds, and jump in the pool and roll to their back. *Maximum of 3 swimmers per class.*

LEVEL 2

Academy 2 swimmers will learn to roll to their back and float unassisted and kick their legs properly.

The Perfect Candidate: Child must be comfortable putting face in water. Swimmers can glide independently 5-7 ft, roll from their glide to float on their back independently for 10 seconds, and jump in the pool and roll to their back.

To Advance to Academy 3: Swimmers will need to be able to flutter kick properly, independently roll repeatedly from their stomach to back for about 12 feet, and independently jump off the wall, roll and return to climb out.

Maximum of 4 swimmers per class.

LEVEL 3

Academy 3 swimmers will learn a perfect side breath for freestyle and to independently flutter kick on their back.

The Perfect Candidate: Swimmer must be able to glide while performing proper kicking, roll to their back for a break, and return to their stomach and continue kicking to a platform. They must also be able to independently jump into the pool and return to the wall and climb out.

To Advance to Academy 3: Swimmers will need to be able to flutter kick on their back and perform a side breath for freestyle unassisted without losing their momentum in the water. *Maximum of 4 swimmers per class.*

LEVEL 4

Academy 4 swimmers will learn to swim a full lap of freestyle and backstroke.

The Perfect Candidate: Child must be able to kick in streamline for 15 ft. on their front and back, and be able to perform a side breath for freestyle unassisted without losing their momentum in the water.

To Advance to Academy 5: Swimmers need to be able to properly swim freestyle breathing every 3 strokes independently for 15 meters, and properly swim backstroke independently for 15 meters.

Maximum of 4 swimmers per class.

LEVEL 5

Academy 5 swimmers will learn butterfly and breaststroke and begin to work on endurance swimming.

The Perfect Candidate: Swimmers must be able to properly swim technical freestyle, breathing every 3 strokes independently for 15 meters, and properly swim backstroke unassisted for 15 meters.

To Graduate: Swimmers need to perform both butterfly and breaststroke in addition to synchronized freestyle and backstroke. *Maximum of 4 swimmers per class.*

YOUTH SPORTS

Tree Roots and Sewer Laterals

Trees require water and nutrients in order to survive and will seek out the easiest source for both. Generally, when roots encounter the sewer lateral, nothing will happen because they will grow over and around the lateral. However, if there is a leak, however small, tiny hair-like roots will enter the lateral and rapidly grow on the nutrient rich material. Eventually, these roots may block the lateral and back-up the system. As the homeowner, in order to prevent root intrusion, please maintain and ensure the integrity of your sewer lateral.

What are the Homeowner's Responsibilities?

Homeowners are required to maintain the lateral from their home, to the main sewer line, typically located in the street, which includes the portion that may be located within the City right-of-way (under the roadway, parkway tree, and sidewalk). Maintaining the lateral includes keeping the lateral line flowing and free of debris such as tree roots. Parkway trees will not be removed solely for roots in sewer laterals.

Summer is here! Whether traveling across state lines or just to the grocery store, follow these simple tips:

Wearing a Seat Belt

Seat belts are designed to keep occupants in their seats during a crash to help prevent them from being ejected from the vehicle or striking other passengers within the same vehicle. Seat belts also help distribute the collision's force evenly across the body, reducing the risk of serious injuries.

Using a Child Safety Seat

Child safety seats are designed to protect young children in the event of a crash by keeping them securely in their seats and absorbing some of the force of the impact. Choose a child safety seat according to age and size, and install it correctly.

Avoiding Distractions

Distracted driving includes talking on the phone, texting, eating, drinking, talking to passengers, and adjusting the radio. Keep hands on the wheel and your eyes on the road at all times.

Obeying the Speed Limit and Drive Defensively

Speed limits are designed to ensure drivers have enough time to react to hazards on the road. Driving too fast makes it more difficult to stop and increases the severity of an accident. Being aware of other drivers and anticipating their actions allows you to be prepared to take evasive action if necessary.

Don't Tailgate or Follow too Closely

It increases the risk of rear-end collisions and prevents you from having enough time to stop if the car in front of you hits their brake suddenly.

Don't Drive Impaired by Drugs or Alcohol

Driving while under the influence of alcohol or drugs is extremely dangerous and puts not only the driver, but also all other people on or near the road at risk. It impairs a person's judgment, reaction time and coordination, making it difficult for them to make good decisions on the road.

Don't Drive While You're Tired

Driving while tired dramatically increases the risk of an accident due to slowed reaction times, impaired judgment, and decreased awareness of one's surroundings. Studies have found that driving while drowsy is almost as bad as driving while under the influence of alcohol or drugs.

RESIDENTIAL PACKAGE THEFT

In recent years, package delivery in residential communities has increased. It is affordable, convenient and allows us the opportunity to use our time, traditionally devoted to shopping, differently. However, with these perks comes the potential for theft. Often times, thieves follow delivery trucks in residential neighborhoods and watch where the delivery driver drops off packages at houses. Thieves also drive through residential neighborhoods looking for an opportunity to commit package theft. Often times, packages are left at the front door of the residence, visible to the street and the resident is not home.

Here are ways to reduce the risk of package theft:

- Use Package Tracking. Knowing when your package arrives allows the opportunity to arrange for pick-up by a family member, friend or neighbor.
- Arrange for the package to be delivered at work or another location where someone can receive the package.
- Install a residential security system. These systems provide outdoor and indoor security. Your existing system may need to be updated or enhanced.
- Install motion sensor lights. At times, packages are delivered at night.
- Create an area at your front door, not visible from the street, for packages to be delivered.

- Research delivery companies that have the ability to unlock a security box or your garage via Smart Technology allowing the delivery person to leave your packages in a secured area.
- Determine if your community has a secure package pick-up location. Often times, these locations are located where you conduct routine shopping.
- Start a Neighborhood Watch and join a social media group in your neighborhood which allows residents to interact with each other.

The Covina Police Department takes package theft seriously. Additionally, as a resident of the City, we need your help to reduce the opportunity of theft. Follow us on social media @covinapd.

EARTHQUAKE

ARE YOU READY?

The City of Covina is concerned about the safety and well-being of its residents during any emergency, especially earthquakes. Southern California sits on some of the most unstable ground in the country. Some 10 million people work and live above the 200+ known earthquake faults throughout the region.

Your safety is top priority for the City of Covina and City Staff are constantly training to help protect you.

How the City of Covina is preparing...

Over the past few years, the City of Covina has conducted several earthquake drills with City executives and staff. Those drills included activation of the Emergency Operations Center, in collaboration with the Los Angeles County Fire Dept., Covina-Valley and Charter Oak Unified School Districts, Los Angeles County, Disaster Management Area D, and surrounding jurisdictions.

While the City continues to prepare, there is something that you can do to help. Make preparations now to keep your family safe by following the three steps below:

Prepare NOW

Practice Drop, Cover, Hold On with your family. Drop to your hands and knees, cover your head and neck with your arms. Crawl only as far as needed to be safe from falling materials. Hold on to any sturdy furniture until the shaking stops.

Create a Family Emergency Communication Plan that has an out-of-state contact. Plan where to meet if you get separated.

Secure items in your home/work such as televisions, bookcases, and objects that hang on walls.

Make a GO BAG and keep it in a location in your home that's easy to grab and have one for your vehicle.

See below for list of items.

Have a GO BAG

The following information is excerpted from the FEMA Earthquake Safety Checklist and outlines family preparedness suggestions. You should consider being prepared for at least 72 hours and preferably 2 weeks to be on your own following an earthquake.

- Backpack (must be portable)
- Flashlights or flameless candles
- Blankets and jackets

Survive DURING

If in Bed, stay there and cover your head and neck with a pillow.

If inside, stay there until the shaking stops. **DO NOT** run outside.

If in a vehicle, stop in clear area that is away from buildings, trees, overpasses, underpasses, or utility wires.

If in a high-rise building, expect fire alarms and sprinklers to go off. **DO NOT** use elevators.

If near slopes, cliffs or mountains, be alert for falling rocks and landslides.

- Do not use matches until you are certain that no gas leaks exist.
- Extra batteries, charging devices
- Medications and first aid kit
- Change of clothes & sturdy shoes
- Emergency Whistle
- Hand Sanitizer & Personal Hygiene
- Plastic tarp & Duct Tape (tenting)
- Copies of personal documents/Cash
- Games and books for children

Be Safe AFTER

Expect aftershocks to follow the largest shock of an earthquake sequence.

Check yourself for injury.

If in a damaged building, go outside and quickly move away from building and **DO NOT** enter damaged buildings (including your home.)

If you are trapped, send a text or bang on a pipe or wall. Cover your mouth for protection and instead of shouting, use a whistle.

Save phone calls for emergencies to conserve your phone's battery life.

Wear sturdy shoes and work gloves.

Listen to Radio for city-wide reporting instructions.

- Battery-operated or hand crank radio
- Food & Water (non-perishable - include a manual can opener. Water at least 1 gallon per person/per day)

Know How to:

- Turn off water & utilities
- Call 9-1-1 and perform First Aid/CPR
- Use a Fire Extinguisher

Community Development Updates

Recently Approved Projects

Cutter Way Storage Facility

The Covina Planning Commission recently approved a Conditional Use Permit for a "US Storage" public self storage facility to be located at 529 Cutter Way. The proposed building will be four stories tall, and include an office, landscaping, and designated vehicle spaces. The new facility will consist of 1,370 storage units, with sizes ranging from 25 square feet to 204 square feet. Additional site improvements include sidewalks, utility connections, stormwater management, a security gate, and driveways. The building will have an office-like appearance on portions of the building that are facing the street. Permits for demolition of the existing building, grading/sitework, and construction have been issued and construction is well underway.

Recently Completed

Gladi8r Brews & Billiards

The Covina Building & Safety Department recently issued a Certificate of Occupancy and Final Approval for Downtown Covina's newest business, Gladi8r Brews & Billiards. The Planning Commission approved a Conditional Use Permit and Site Plan Review for the operation of a brewpub with alcohol sales, outdoor dining, a micro brewery, & live entertainment back in 2023. Located at 321 N. Citrus Avenue (formerly the Glesener Pharmacy), Gladi8r features 5 billiard (pool) tables, delicious bites, hearty burgers, and their signature G8 beer, brewed in house. Welcome to Covina, Gladi8r!
